## Dress Rehearsal for a Good Meal

MAY DAY BREAKFAST preparations are under the direction of Mrs. William Lucas Jr., (left) of 443 Warren Ave., and Mrs. Eugene Ladrach of 427 W. Elm St. The annual breakfast, sponsored by the Professional Nurses Assn., will be held from 6 to 10 a. m. Wednesday in the American Legion Hall. Profits will go partly to Fayette Memorial Hospital and partly to a nurses' scholarship fund and other activities designed to interest high school students in nursing as a career. The Wednesday morning breakfast menu includes ham, scrambled eggs, pancakes, toast, coffee, milk and orange juice.

## Central American Tension Grows

TEGUCIGALPA, Honduras (U)—Honduras says peaceful negotiation has failed and it is ready to chase 50 Nicaraguan "invaders" from an area this country considers its territory.

Well-informed quarters said Honduran troops already had begun driving out the small Nicaraguan force that moved into the newly created frontier Honduras province of Gracias a Dios.

The Chicago Tribune said today that Honduran troops moved up to the frontier of Nicaragua for a drive into disputed border territory.

The story from Jules Dubois said, "It was understood that Mocarón, a border town in the new Gracias a Dios province of Honduras, already had been recaptured from a handful of Nicaraguan invaders."

"Honduras is in a state of war," Gen. Roque J. Rodriguez, a member of the three-man military junta which rules Honduras, told Dubois. The other two members of the triumvirate, Col. Victor Carraccioli and Maj. Robert Galvez, were present as Rodriguez spoke, Dubois added.

THE TRIBUNE said Honduras has charged that 50 Nicaraguan troops invaded the disputed area 10 days ago and occupied the village of Mocarón.

"The Nicaraguan force now has left Mocarón and the Hondurans have taken over," the story continued. "However, the Honduran force is planning to drive on to Cruta, a town which Honduras has not occupied for 20 years."

"Gen. Rodriguez said 5,000 Honduran troops have been deployed on the frontier and the mobilization of 20,000 reserves has been ordered."

It is not known whether Nicaragua will attempt to repel the push to Cruta, the Tribune said. "Nicaragua has denied seizing any territory of its Central American neighbor," Dubois said.

A long-simmering border dispute between the two Central American countries appeared headed for a showdown as Honduran radio stations instructed Honduran civilians to await further orders to "defend themselves against aggression."

The broadcasts also ordered all Honduran military personnel to report to their barracks.

Nicaragua has rejected Honduran protests about the alleged invasion. Honduras at first charged Nicaraguan national guardsmen had entered two Honduran towns. Later Foreign Minister Jorge F.

del Duron complained only about an incident at Mocarón. He said the Nicaraguan troops have occupied a school, looted shops, stolen livestock and gotten drunk.

Nicaragua replied that Mocarón "is and has always been Nicaraguan territory." The frontier region has been in dispute for years. A communique from the Honduran Foreign Ministry said:

"Peaceful and diplomatic moves

have been exhausted and the government is ready to chase the invaders from the nation's territory."

A high source in Tegucigalpa has attributed the renewed border tension to ruffled diplomatic feelings in Nicaragua because of Honduras' refusal to send a special delegation to the inauguration of Nicaraguan President Luis Somoza, scheduled for Wednesday.

## Congress Leaders Report Voters Demand Budget Cuts

WASHINGTON (U)—The Senate's Democratic and Republican leaders said today that 10 days with the voters at home have stiffened congressmen's determination to cut President Eisenhower's spending budget.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, said that "never in my public career have I seen such strong demands for economy in government."

Johnson returned Sunday from an Easter vacation in Texas. Sen. Knowland of California, the Republican leader, said that in talks with members who have re-

turned from their home states he has found "no diminution in interest in the desire for economy."

The statements of the two party leaders, made to reporters as the Senate was convening, threw cold water on the hopes of Eisenhower's advisers that Congress' budget-cutting ardor might have cooled after 10 days of visits at home with the voters.

Ending its Easter vacation, Congress goes back to work officially with most of Eisenhower's legislative program stalled. Eisenhower has been urged to take personal command of efforts to get it moving.

But whether there is any breakthrough seems likely to depend largely on just how intent Congress is on paring down the President's \$71.8 billion spending budget.

Some of Eisenhower's close associates feel the drive to cut this budget has passed its peak. They base this in part, they say, on their belief that voters who want school construction aid, expanded health services, increased housing and development of natural resource projects are beginning to make themselves heard.

The House already has voted to seek restoration of "the great majority" of the cut, Eisenhower's headquarters announced after he discussed the matter with Secretary of State Dulles.

The Cabinet officer is to go before the Senate Appropriations Committee Tuesday to outline his views and the President's.

But they never said a word about what happened to the fortune in gold and currency—since known as the "Dongo treasure."

Reportedly it included 145½ pounds of gold bars and several million dollars worth of British, Swiss and American currency. No official estimate of the total value has ever been announced.

## No Sabotage in Crash

MANILA (U)—Military investigators blame breakage of a drive shaft for the plane crash March 17 in which President Ramon Mag-saysay and 25 others were killed. The report said there was no sabotage.

# WEATHER ROCKS TEXAS

## Dairy Price Dispute Ends In Standoff

HUNTINGTON, W. Va. (U)—A dispute over prices paid Huntington dairy farmers by milk distributors has ended in a standoff.

Members of the Huntington Interstate Milk Producers Assn. announced today that they again are supplying dairies in the West Virginia - Ohio - Kentucky tri-state district.

Last week the association announced that it was diverting 25,000 gallons of milk a day to the Pickaway Dairy Co-op, Circleville, Ohio, because local distributors had refused to pay more than the \$4.40 per hundredweight established as a floor for this area by the Federal Milk Marketing Administration.

The farmer producers had sought a cushion of 30 cents, contending they were losing money selling at the price suggested by the government.

Dairies which refused to pay the higher rate obtained milk elsewhere during the dispute. The distributors are still refusing to pay more but have agreed not to oppose a request for an increase in the floor price, the association said.

## Dr. Townsend Pushing His Pension Plan

CLEVELAND (U)—Dr. Francis E. Townsend has a new idea for putting across his plan for substantial pension relief to the aged and helpless which he originated nearly 24 years ago.

He discussed it here Sunday after helping dedicate the Ohio Townsend Club's new quarters.

At 91, Townsend still is a vigorous campaigner for his plan, which is based on the idea of a universal insurance program to be established by the government and financed by a two per cent tax on all businesses and individuals. The first \$250 of monthly income would be exempt.

"If a person has a purpose in living, it's great for him," he said. "If he grows old and becomes discouraged, it is too bad. I try to prevent the latter by working to the full extent of my ability to bring about a new order of society."

Dr. Townsend's new idea for putting across his plan is the grouping of Townsend Clubs all over the country by congressional districts. The districts would elect committees from club members who would become acquainted with all candidates for Congress.

After deciding on which candidate to endorse, Townsend explained, the recommendations would be made to the club members in each district.

He said he thought such an arrangement would exert influence at election time.

## Ohio Pen Inmate Gets Added Term

COLUMBUS (U)—Glenn H. Smith, 24, an Ohio Penitentiary inmate accused of the hammer slaying of a fellow prisoner, pleaded guilty to a reduced charge of second degree murder today and was sentenced to a life term.

Common Pleas Judge Ralph J. Bartlett sentenced Smith after the guilty plea was entered. Smith's trial on a first degree murder charge was to start today.

Since Smith's sentence will run concurrently with an armed robbery term he is serving now, he could be paroled in 10 years.

## Next Few Days In Ohio To Be Warm And Dry

COLUMBUS (U)—The weatherman says Ohioans can expect rather warm temperatures and very little rain the next few days. Here is his 5-day extended forecast:

"Temperatures will average about 3 degrees above normal; 63 north to 69 south; normal low 42-46. A little warmer Tuesday and Wednesday and little change in temperature thereafter. Precipitation will average less than 1-10 inch in scattered showers south to night and again over the state about Friday or Saturday."

## U. S. Bodies Removed

YOKOSUKA, Japan (U)—Helicopter crews have removed the bodies of four Americans killed when a Navy plane struck a 4,200-foot mountain 80 miles southwest of Tokyo Saturday.

## No West German A-Arms Planned

BONN, Germany (U)—Foreign Minister Heinrich von Brentano said today West Germany has no intention of arming itself now with atomic weapons. It might come to that, he added, but not for a long time.

Brentano made the statement, which is a bit different from what the government has been saying, in giving reporters his reaction to the Soviet Union's note warning against atomic bases in West Germany.

The entire note, Brentano said, was based on the Soviet Union's assumption West Germany intends to arm itself with A-weapons. That assumption, Brentano said, "is wrong."

## 2 Arabic Kings Complete Parley

AMMAN (U)—King Hussein returned to Jordan today after a surprise flying visit to Saudi Arabia's King Saud.

Apparently the young monarch wanted to find out what was said in his neighbor's conference Saturday with leaders of Egypt and Syria, and to patch up any crack the Syrian and Egyptian visitors might have opened between him and Saud.

Before taking off for Riyadh Sunday, Hussein rejected a previous government's proposal for diplomatic relations with the Soviet Union. The young ruler has blamed his country's current troubles on international communism, aided by Egyptian propaganda, and security forces have been busy rounding up Communist elements.

Almost a holiday mood prevailed in Amman as the curfew was lifted for eight hours, the longest out-of-doors period since the restriction and martial law were ordered last Thursday. The government announced the curfew would be raised entirely if calm continued.

THE JORDAN monarch was accompanied to Riyadh by deputy premier - foreign minister Samir Rifai, royal cabinet chief Bahjat Talhouni and Ahmed Kuheimi Sudi, Saudi charge d'affaires in Amman.

Hussein has accused Egypt particularly of stirring up the anti-Western elements in his country who constitute his chief opposition and want to unify Jordan's policy with the pro-Soviet tendencies of the Egyptian and Syrian governments.

The West had feared that Egypt and Syria, nominally allied with Jordan and Saudi Arabia in a military pact, would use the Jordanian crisis as an excuse for Syria to take over at least part of Hussein's kingdom.

The Saudi Arabian monarch, whose oil holdings furnish most of the ready cash the alliance can scrape up, has stood by Hussein throughout his struggle to purge his government of Communists and leftists.

Hashim's new Cabinet has abolished the long nap followed by a powerful dose of positive thinking. The patient listens to a record playing two or three affirmative statements over and over for 15 hours a day, perhaps for a week.

Depending on the individual's needs, the recording says different things, but examples might be: "I do have confidence. I can make decisions. People do like me."

After six or seven days of this, the patient is put back to sleep for 5 to 10 days while the new attitudes driven into his consciousness by the recorded voice becoming a part of his personality.

## Youth Legislators Wind Up Assembly

COLUMBUS (U)—Some 450 Hi-Y and Tri-Y "legislators" acted on 96 bills introduced during their model general assembly before they adjourned Sunday.

Of 32 bills introduced in the Senate and 66 in the House, the teen-age senators and representatives passed 33, defeated 21 and killed 40 in committee.

The bills passed included ones outlawing high school secret societies, abolition of union shops, and death penalty for convicted dope peddlers.

They defeated a tax on soft drinks and a measure granting 18-year-olds the right to vote.

## Refugees Stage Hunger Strike In New Protest

LIMERICK, Ireland (U)—Hungarian refugees at the Knockalish camp began a hunger strike today to protest delays in admitting them to the U. S.

Mothers refused to feed their children. Cries of the 100 or more children were the only sounds in the camp.

Breakfasts of Irish bacon and eggs were served as usual in the dining hall but none of the 371 Hungarians turned up to eat.

## Sgt. Foster Named To Captaincy in Police Department

Sgt. Charles Foster, 37, of 528 Campbell St., a veteran of six years on the Washington C. H. police force, has been appointed captain effective Wednesday, City Manager James F. Parkinson announced Monday.

Foster was named by the city manager on the recommendation of Chief D. Vaiden Long. The new captain had the high grade on a

civil service examination for prospective captains given April 20.

CHARLES FOSTER

Originally appointed to the force in March, 1951, Foster became a sergeant in December, 1954. Married, he and Mrs. Foster have four children, Gary, 17, Micky, 8, Susan, 5, and Charles Joseph, 2.

FOSTER was a deputy sheriff under Sheriff Orland Hays from 1949 to 1951, before coming to the police force. Born and raised in Bloomington, he was marshal there about six months before going to work for the sheriff's department.

In his new rank, Foster will receive \$360 a month. Sergeant's pay is \$350.

Foster will continue to work the 3 p. m. to 11 p. m. afternoon shift, Chief Long said. The former Captain, Harley Haggard, who died last month, worked the 7 a. m. to 3 p. m. day shift.

Sgt. Walter Marshall, who has been acting captain since Capt. Haggard's death also took the captain examination.

## U. S. Interceptors Checking Aircraft

WASHINGTON (U)—The retired chief of the Air Defense Command said today that since the Middle East fighting every unknown aircraft over this country has been doublechecked by interceptor planes.

Retired Air Force Gen. Benjamin W. Chidlaw said this is done "to make doubly sure that America is not under surveillance."

Chidlaw said Air Defense interceptors averaged 15 to 18 "scrambles" a day during February. Each of these missions, he said, was to intercept unknown aircraft later identified friendly.

## England Getting KKK

LONDON (U)—Two members of Parliament say the Ku Klux Klan is organizing branches in five British cities, apparently because of recent large-scale immigration of Negroes from Jamaica.

## Soil Bank Seen Paying \$2.70 Bushel to Trim Wheat Crop

WASHINGTON (U)—It may cost Uncle Sam at the rate of \$2.70 a bushel to reduce the wheat surplus 85 million bushels under the soil bank program this year.

The Agriculture Department predicts that wheat stocks will be reduced by that amount through operation of the program which offers payments to farmers to reduce acreages of surplus crops.

Farmer have signed wheat land retirement agreements which would entitle them to \$231 million in payment. Should these agreements bring about a reduction in production sufficient to pull 85 million bushels out of surplus stocks to meet market needs, the cost would be \$2.76 a bushel.

This cost compared with \$2 a bushel at which the department is committed to support prices.

An Agriculture Department report showed today that shippers will receive about \$112 million in freight on surpluses sold abroad under terms of Public Law 480, which authorizes the government to accept foreign currencies as used in turn to help finance U.S. expenditures in the purchasing

payment. These currencies are used in turn to help finance U.S. expenditures in the purchasing countries.

Sales under this program are made through government-to-government agreements. The United States provides the surplus products as well as the money to finance ocean transportation costs. Uncle Sam gets foreign currency in payment for the agreed value of the products as well as for the ocean freight.

Such sales totaled \$2,542,000,000 through March 27 under a program which started late in 1954. Additional agreements cover most of the remainder of the \$3 billion authorized by Congress when it enacted the program.

A Senate-approved bill is pending in the House Agriculture Committee to extend this program, now scheduled to expire June 30, and to provide another billion.

Commodities for which the largest ocean freight bills are being paid include wheat and wheat flour, \$71 million; rice \$11.8 million; corn \$4.8 million; vegetable oil \$5 million; barley \$5½ million and cotton \$2.2 million.

## More Floods Raging Over Battered State

Lower Rio Grande Valley Lashed by Heavy Thunderstorms

DALLAS (U)—Violent weather focused its fury on south Texas and brought new flooding today as it raged unabated for the 11th consecutive day across this storm battered state.

High winds lashed the lush lower Rio Grande Valley with thunderstorms that dumped up to six inches of rain. Heavy rains extended over the entire coast.

At least nine major rivers that had driven hundreds from their homes continued to spread out of their banks.

The Trinity River threatened the Houston area after rising above flood stage at Liberty, Tex., 40 miles northeast of Houston.

The Brazos River also threatened to inundate a wide area around Houston within the next two days.

Twelve miles southwest of Weatherford, in north central Texas, the Brazos was rampaging at Dennis, Tex.

AT VICTORIA, in southwest Texas, some 20 families were evacuated after the Guadalupe River crept into lowlands. Victoria itself wasn't threatened immediately.

High winds raked the area from Raymondville, in Wilbarger County, to Edinburg, in Hidalgo County, in the Rio Grande Valley. Reports of tornadoes were unconfirmed.

There were no immediate indications of how much rain would raise the already swollen Rio Grande.

At least 68 highways were closed and hundreds of bridges washed out across the state.

Two persons drowned at Dallas Sunday and a Mexican couple was killed by lightning at Nuevo Laredo, across the Rio Grande from Laredo.

At least 11 persons have drowned in floods since the violent weather came to Texas April 18 and several other deaths have occurred on slick highways and at bridge washouts.

The state health department said 2,259 persons have been made homeless during the floods, with 45 houses destroyed and 250 damaged seriously.

Gov. Price Daniel has asked for federal disaster designation for the major flood areas.

The floods and the 60 tornadoes that plagued Texas during the month have been declared the worst disaster in the history of the Red Cross' Texas operations.

Flood warnings were issued for Gonzales, Cuero and Meyersville in central south Texas as the Guadalupe continued to rise. The Nueces and Frio rivers, also in south Texas, flooded lowlands along their banks.

The Rio Grande, Pecos and Devils River were being watched closely in the junction area.

Rains up to 4½ inches were reported Sunday in central Texas on the Colorado and Guadalupe River watersheds.

Hailstones up to the size of golf balls piled up nine inches deep at Clarendon after a storm Sunday. At one time water ran seven feet deep across U. S. 287 west of Clarendon. Rains up to 6 inches were reported in the Panhandle.

## Meany Refuses Beck's Request

WASHINGTON (U)—AFL-CIO President George Meany today rejected a proposal by Teamsters Union President Dave Beck for negotiations on Beck's ouster as an AFL-CIO officer in advance of May 20 hearing on corruption.

Beck on April 18 asked Meany to name a five-man committee of AFL-CIO executive council members to confer with another five-man group named by Beck "for the purpose of discussing my suspension."

Meany replied today that he would not name such a group but would convey Beck's request to the 28-member AFL-CIO council for such action as it desires at the May 20 council meeting.

## Reds Fire at Matsu

TAIPEI (U)—Chinese Communist guns on the mainland fired six shells Sunday at Matsu, chief island of the offshore Matsu group. The Nationalist Defense Ministry reported there was neither damage nor casualties.

**The Weather**  
Partly cloudy tonight and Tuesday. A little cooler tonight. Low tonight 44-54. High Tuesday 67-74.

Profits will go partly to Fayette Memorial Hospital and partly to a nurses' scholarship fund and other activities designed to interest high school students in nursing as a career. The Wednesday morning breakfast menu includes ham, scrambled eggs, pancakes, toast, coffee, milk and orange juice.

## Central American Tension Grows

TEGUCIGALPA, Honduras (AP)—Honduras says peaceful negotiation has failed and it is ready to chase 50 Nicaraguan "invaders" from an area this country considers its territory.

Well-informed quarters said Honduran troops already had begun driving out the small Nicaraguan force that moved into the newly created frontier Honduras province of Gracias a Dios.

The Chicago Tribune said today that Honduran troops moved up to the frontier of Nicaragua for a drive into disputed border territory.

The story from Jules Dubois said, "It was understood that Mocarón, a border town in the new Gracias a Dios province of Honduras, already had been recaptured from a handful of Nicaraguan invaders."

"Honduras is in a state of war," Gen. Roque J. Rodríguez, a member of the three-man military junta which rules Honduras, told Dubois. The other two members of the triumvirate, Col. Victor Carraccioli and Maj. Robert Galvez, were present as Rodríguez spoke, Dubois added.

THE TRIBUNE said Honduras has charged that 50 Nicaraguan troops invaded the disputed area 10 days ago and occupied the village of Mocarón.

"The Nicaraguan force now has left Mocarón and the Hondurans have taken over," the story continued. "However, the Honduran force is planning to drive on to Cruta, a town which Honduras has not occupied for 20 years."

"Gen. Rodríguez said 5,000 Honduran troops have been deployed on the frontier and the mobilization of 20,000 reserves has been ordered."

It is not known whether Nicaragua will attempt to repel the push to Cruta, the Tribune said. "Nicaragua has denied seizing any territory of its Central American neighbor," Dubois said.

A long-simmering border dispute between the two Central American countries appeared headed for a showdown as Honduran radio stations instructed Honduran civilians to await further orders to "defend themselves against aggression."

The broadcasts also ordered all Honduran military personnel to report to their barracks.

Nicaragua has rejected Honduran protests about the alleged invasion. Honduras at first charged Nicaraguan national guardsmen had entered two Honduran towns. Later Foreign Minister Jorge F.

### No Sabotage in Crash

MANILA (AP)—Military investigators blame breakage of a drive shaft for the plane crash March 17 in which President Ramon Mag-saysay and 25 others were killed. The report said there was no sabotage.

del Duron complained only about an incident at Mocarón. He said the Nicaraguan troops have occupied a school, looted shops, stolen livestock and gotten drunk.

Nicaragua replied that Mocarón "is and has always been Nicaraguan territory." The frontier region has been in dispute for years.

A communique from the Honduran Foreign Ministry said:

"Peaceful and diplomatic moves

have been exhausted and the government is ready to chase the invaders from the nation's territory."

A high source in Tegucigalpa has attributed the renewed border tension to ruffled diplomatic feelings in Nicaragua because of Honduras' refusal to send a special delegation to the inauguration of Nicaraguan President Luis Somoza, scheduled for Wednesday.

## Congress Leaders Report Voters Demand Budget Cuts

WASHINGTON (AP)—The Senate's Democratic and Republican leaders said today that 10 days with the voters at home have stiffened congressmen's determination to cut President Eisenhower's spending budget.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, said that "never in my public career have I seen such strong demands for economy in government."

Johnson returned Sunday from an Easter vacation in Texas.

Sen. Knowland of California, the Republican leader, said that in talks with members who have re-

turned from their home states he has found "no diminution in interest in the desire for economy."

The statements of the two party leaders, made to reporters as the Senate was convening, threw cold water on the hopes of Eisenhower's advisers that Congress' budget-cutting ardor might have cooled after 10 days of visits at home with the voters.

Ending its Easter vacation, Congress goes back to work officially with most of Eisenhower's legislative program stalled. Eisenhower has been urged to take personal command of efforts to get it moving.

But whether there is any breakthrough seems likely to depend largely on just how intent Congress is on paring down the President's \$71.8 billion spending budget.

Some of Eisenhower's close associates feel the drive to cut this budget has passed its peak. They base this in part, they say, on their belief that voters who want school construction aid, expanded health services, increased housing and development of natural resource projects are beginning to make themselves heard.

The House already has voted to reduce Eisenhower's requests for new money by \$1.1 billion in eight annual appropriation bills. The Senate has not yet acted on any of these.

EISENHOWER'S advisers are resigned to the likelihood that his \$4.4 billion foreign aid program will suffer deep reductions, although they said Eisenhower will press for his full program.

In August, Ga., Eisenhower spoke out Sunday against a House cut of \$47 million in State Department appropriations, saying it would be "harmful to the United States and the conduct of foreign affairs."

The administration has decided to seek restoration of "the great majority" of the cut, Eisenhower's headquarters announced after he discussed the matter with Secretary of State Dulles.

The cabinet officer is to go before the Senate Appropriations Committee Tuesday to outline his views and the President's.

# WEATHER ROCKS TEXAS

## Dairy Price Dispute Ends In Standoff

HUNTINGTON, W. Va. (AP)—A dispute over prices paid Huntington dairy farmers by milk distributors has ended in a standoff.

Members of the Huntington Interstate Milk Producers Assn. announced today that they again are supplying dairies in the West Virginia - Ohio - Kentucky tri-state district.

Last week the association announced that it was diverting 25,000 gallons of milk a day to the Pickaway Dairy Co-op, Circleville, Ohio, because local distributors had refused to pay more than the \$4.40 per hundredweight established as a floor for this area by the Federal Milk Marketing Administration.

The farmer producers had sought a cushion of 30 cents, contending they were losing money selling at the price suggested by the government.

Dairies which refused to pay the higher rate obtained milk elsewhere during the dispute. The distributors are still refusing to pay more but have agreed not to oppose a request for an increase in the floor price, the association said.

## Dr. Townsend Pushing His Pension Plan

CLEVELAND (AP)—Dr. Francis E. Townsend has a new idea for putting across his plan for substantial pension relief to the aged and helpless which he originated nearly 24 years ago.

He discussed it here Sunday after helping dedicate the Ohio Townsend Club's new quarters.

At 91, Townsend still is a vigorous campaigner for his plan, which is based on the idea of a universal insurance program to be established by the government and financed by a two per cent tax on all businesses and individuals. The first \$250 of monthly income would be exempt.

"If a person has a purpose in living, it's great for him," he said. "If he grows old and becomes discouraged, it is too bad. I try to prevent the latter by working to the full extent of my ability to bring about a new order of society."

Dr. Townsend's new idea for putting across his plan is the grouping of Townsend Clubs all over the country by congressional districts. The districts would elect committees from club members who would become acquainted with all candidates for Congress.

After deciding on which candidate to endorse, Townsend explained, the recommendations would be made to the club members in each district.

He said he thought such an arrangement would exert influence at election time.

## Ohio Pen Inmate Gets Added Term

COLUMBUS (AP)—Glenn H. Smith, 24, an Ohio Penitentiary inmate accused of the hammer slaying of a fellow prisoner, pleaded guilty to a reduced charge of second degree murder today and was sentenced to a life term.

Common Pleas Judge Ralph J. Bartlett sentenced Smith after the guilty plea was entered. Smith's trial on a first degree murder charge was to start today.

Since Smith's sentence will run concurrently with an armed robbery term he is serving now, he could be paroled in 10 years.

## Next Few Days in Ohio To Be Warm and Dry

COLUMBUS (AP)—The weatherman says Ohioans can expect rather warm temperatures and very little rain the next few days. Here is his 5-day extended forecast: "Temperatures will average about 3 degrees above normal; 63 north to 69 south; normal low 42-46. A little warmer Tuesday and Wednesday and little change in temperature thereafter. Precipitation will average less than 1-10 inch in scattered showers south to night and again over the state about Friday or Saturday."

## U. S. Bodies Removed

YOKOSUKA, Japan (AP)—Helicopter crews have removed the bodies of four Americans killed when a Navy plane struck a 4,200-foot mountain 80 miles southwest of Tokyo Saturday.

## No West German A-Arms Planned

BONN, Germany (AP)—Foreign Minister Heinrich von Brentano said today West Germany has no intention of arming itself now with atomic weapons. It might come to that, he added, but not for a long time.

Brentano made the statement, which is a bit different from what the government has been saying, in giving reporters his reaction to the Soviet Union's note warning against atomic bases in West Germany.

The entire note, Brentano said, was based on the Soviet Union's assumption West Germany intends to arm itself with A-weapons. That assumption, Brentano said, "is wrong."

## 2 Arabic Kings Complete Parley

AMMAN (AP)—King Hussein returned to Jordan today after a surprise flying visit to Saudi Arabia's King Saud.

Apparently the young monarch wanted to find out what was said in his neighbor's conference Saturday with leaders of Egypt and Syria, and to patch up any crack the Syrian and Egyptian visitors might have opened between him and Saud.

Before taking off for Riyadh Sunday, Hussein rejected a previous government's proposal for diplomatic relations with the Soviet Union. The young ruler has blamed his country's current troubles on international communism, aided by Egyptian propaganda, and security forces have been busy rounding up Communist elements.

Almost a holiday mood prevailed in Amman as the curfew was lifted for eight hours, the longest out-of-doors period since the restriction and martial law were ordered last Thursday. The government announced the curfew would be raised entirely if calm continued.

THE JORDAN monarch was accompanied to Riyadh by deputy premier - foreign minister Samir Rifai, royal cabinet chief Bahjat Talhoum and Ahmed K. H. e. i. Sudi, Saudi charge d'affaires in Amman.

Hussein has accused Egypt particularly of stirring up the anti-Western elements in his country who constitute his chief opposition and want to unify Jordan's policy with the pro-Soviet tendencies of the Egyptian and Syrian governments.

The West had feared that Egypt and Syria, nominally allied with Jordan and Saudi Arabia in a military pact, would use the Jordanian crisis as an excuse for Syria to take over at least part of Hussein's kingdom.

The Saudi Arabian monarch, whose oil holdings furnish most of the ready cash the alliance can scrape up, has stood by Hussein throughout his struggle to purge his government of Communists and leftists.

LIMERICK, Ireland (AP)—Hungarian refugees at the Knockalish camp began a hunger strike today to protest delays in admitting them to the U. S.

Mothers refused to feed their children. Cries of the 100 or more children were the only sounds in the camp.

Breakfasts of Irish bacon and eggs were served as usual in the dining hall but none of the 371 Hungarians turned up to eat.

## Sgt. Foster Named To Captaincy in Police Department

Sgt. Charles Foster, 37, of 528 Campbell St., a veteran of six years on the Washington C. H. police force, has been appointed captain effective Wednesday, City Manager James F. Parkinson announced Monday.

Foster was named by the city manager on the recommendation of Chief D. Vaiden Long. The new captain had the high grade on a

civil service examination for prospective captains given April 20.

CHARLES FOSTER

Originally appointed to the force in March, 1951, Foster became a sergeant in December, 1954. Married, he and Mrs. Foster have four children, Gary, 17, Micky, 8, Susan, 5, and Charles Joseph, 2.

FOSTER was a deputy sheriff under Sheriff Orland Hays from 1949 to 1951, before coming to the police force. Born and raised in Bloomington, he was marshal there about six months before going to work for the sheriff's department.

In his new rank, Foster will receive \$360 a month. Sergeant's pay is \$350.

Foster will continue to work the 3 p. m. to 11 p. m. afternoon shift, Chief Long said. The former Captain, Harley Haggard, who died last month, worked the 7 a. m. to 3 p. m. day shift.

Sgt. Walter Marshall, who has been acting captain since Capt. Haggard's death also took the captain examination.

## U. S. Interceptors Checking Aircraft

WASHINGTON (AP)—The retired chief of the Air Defense Command said today that since the Middle East fighting every unknown aircraft over this country has been doublechecked by interceptor planes.

Retired Air Force Gen. Benjamin W. Chidlaw said this is done "to make doubly sure that America is not under surveillance."

Chidlaw said Air Defense interceptors averaged 15 to 18 "scrambles" a day during February. Each of these missions, he said, was to intercept unknown aircraft later identified friendly.

## England Getting KKK

LONDON (AP)—Two members of Parliament say the Ku Klux Klan is organizing branches in five British cities, apparently because of recent large-scale immigration of Negroes from Jamaica.

## Soil Bank Seen Paying \$2.70 Bushel to Trim Wheat Crop

WASHINGTON (AP)—It may cost Uncle Sam at the rate of \$2.70 a bushel to reduce the wheat surplus 85 million bushels under the soil bank program this year.

The Agriculture Department predicts that wheat stocks will be reduced by that amount through operation of the program which offers payments to farmers to reduce acreages of surplus crops.

Farmer have signed wheat land retirement agreements which would entitle them to \$231 million in payment. Should these agreements bring about a reduction in production sufficient to pull 85 million bushels out of surplus stocks to meet market needs, the cost would be \$2.76 a bushel.

This cost compared with \$2 a bushel at which the department is committed to support prices.

An Agriculture Department report showed today that shippers will receive about \$112 million in freight on surpluses sold abroad under terms of Public Law 480, which authorizes the government to accept foreign currencies as used in turn to help finance U.S. expenditures in the purchasing

## More Floods Raging Over Battered State

Lower Rio Grande Valley Lashed by Heavy Thunderstorms

DALLAS (AP)—Violent weather focused its fury on south Texas and brought new flooding today as it raged unabated for the 11th consecutive day across this storm battered state.

High winds lashed the lush lower Rio Grande Valley with thunderstorms that dumped up to six inches of rain. Heavy rains extended over the entire coast.

At least nine major rivers that had driven hundreds from their homes continued to spread out of their banks.

The Trinity River threatened the Houston area after rising above flood stage at Liberty, Tex., 40 miles northeast of Houston.

The Brazos River also threatened to inundate a wide area around Houston within the next two days.

Twelve miles southwest of Weatherford, in north central Texas, the Brazos was rampaging at Denmis, Tex.

AT VICTORIA, in southwest Texas, some 20 families were evacuated after the Guadalupe River crept into lowlands. Victoria itself wasn't threatened immediately.

High winds raked the area from Raymondville, in Wilbrey County, to Edinburg, in Hidalgo County, in the Rio Grande Valley. Reports of tornadoes were unconfirmed.

There were no immediate indications of how much rain would raise the already swollen Rio Grande.

At least 68 highways were closed, and hundreds of bridges washed out across the state.

Two persons drowned at Dallas Sunday and a Mexican couple was killed by lightning at Nuevo Laredo, across the Rio Grande from Laredo.

At least 11 persons have drowned in floods since the violent weather came to Texas April 18 and several other deaths have occurred on slick highways and at bridge washouts.

The state health department said 2,259 persons have been made homeless during the floods, with 45 houses destroyed and 250 damaged seriously.

Gov. Price Daniel has asked for federal disaster designation for the major flood areas.

The floods and the 60 tornadoes that plagued Texas during the month have been declared the worst disaster in the history of the Red Cross' Texas operations.

Flood warnings were issued for Gonzales, Cuero and Meyersville in central south Texas as the Guadalupe continued to rise. The Nueces and Rio rivers, also in south Texas, flooded lowlands along their banks.

The Rio Grande, Pecos and Devils River were being watched closely in the junction area.

Rains up to 4 1/2 inches were reported Friday in central Texas on the Colorado and Guadalupe River watersheds.

Halfstones up to the size of golf balls piled up nine inches deep at Clarendon after a storm Sunday. At one time water ran seven feet deep across U. S. 287 west of Clarendon. Rains up to 6 inches were reported in the Panhandle.

## Meany Refuses Beck's Request

WASHINGTON (AP)—AFL-CIO President George Meany today rejected a proposal by Teamsters Union President Dave Beck for negotiations on Beck's ouster as an AFL-CIO officer in advance of May 20 hearing on corruption.

Beck on April 18 asked Meany to name a five-man committee of AFL-CIO executive council members to confer with another five-man group named by Beck "for the purpose of discussing my suspension."

Meany replied today that he would not name such a group but would convey Beck's request to the 28-member AFL-CIO council for such action as it desires at the May 20 council meeting.

## Reds Fire at Matsu

TAIPEI (AP)—Chinese Communist guns on the mainland fired six shells Sunday at Matsu, chief island of the offshore Matsu group. The Nationalist Defense Ministry reported there was neither damage nor casualties.

## City Park Gets Attention during Clean-Up Week

### Joycees Refurbish Comfort Station; Trash Pickups Slated

The clean-up, paint-up and fix-up campaign got under way officially in Washington C. H. Friday, but it was not until Sunday that the results began to show.

The campaign, which in the past has been concentrated in a week, will run a little longer this year— to May 11. It is sponsored by the Junior Chamber of Commerce, which Sunday set the example with a refurbishing project at the comfort station in the park on Millikan and Oakland Aves.

A team of eight Joycees, headed by Marilyn Reno, chairman, and Bob Willis, co-chairman, Sunday painted the comfort station's outside pillars and "I" beams supporting the roof, laid sod around it and put in some concrete block steps.

SOME of the sod came from the area scaped by the city for a new blacktop outdoor basketball court and skating rink, and the rest was given to the Joycees by the Wilsonia Landscaping Co. The blocks for the steps were donated by Edward Payne, Inc.

Others on the Sunday work team were Bob Callison, Bill Willis, a horse, Luke Roberts, Jim Schwartz, Horace Jacobs and Bill Hastings.

With this for a starter and an example, Clyde Smith, head of the city street cleaning department, said the city was ready to provide the trucks to gather up trash and rubbish as soon as a schedule is set up.

IN THE PAST, Smith said, this has been done by wards. Each day, he explained, the city trucks made the rounds of one ward to pick up trash that was piled up in containers at the curb.

City Manager James F. Parkinson said the truck pick-up schedule would be worked out by Smith and the Joyce committee.

The clean-up campaign is of deep interest to the insurance agents, Robert Jefferson, president of the Fayette County Insurance Assn. said. He pointed out that "if you guard against fires (getting rid of rubbish) your insurance rates eventually will go down."

## Shrider Selected As Miami Coach

OXFORD (AP) — Appointment of Richard G. Shrider, 34, as head basketball coach at Miami University, was announced today by Athletic Director Don L. Brinkley.

Shrider, a former star at Ohio State, Michigan and Ohio University, has been coaching at Fairborn High School. He was named "High School Coach of the Year" while at Gallipolis in 1953-1954.

Shrider succeeded Bill Rohr, who resigned several days ago to become basketball coach at Northwestern University.

## Cancer Substance May Curb Cancer

MIAMI BEACH, Fla. (AP)—A team of Cincinnati researchers say tests they have made indicate a cancer tumor may have some property in that immunizes the patient against spread of the cancer.

Drs. Leo G. Mutini and Elton S. Cook, scientists with the institution Divi Thomae, described to the Pan American Cancer Cytology Congress here Sunday their experiments on mice with breast cancer. The tests showed their death rate declined from 90 to 20 percent when the mice were injected with a substance made from their own tumors, the scientists said.

## Fayette Memorial Hospital News

### ADMISSIONS

Mrs. Charles Duncan, Jeffersonville, emergency appendectomy.

Mrs. Mary Campbell, 531 E. Paint St., medical.

Mrs. James Marvin, 332 Gregg St., medical.

Johann Weber, Cincinnati, medical.

James Garringer, Jeffersonville, medical.

Mrs. Clifford S. Glascoe, Route 5, medical.

Mrs. William A. Pummill, Route 2, Greenfield, surgical.

Frederick Moser, 716 S. North St., surgical.

Mrs. Velma B. Cullen, 910 Yeoman St., surgical.

Mrs. Daisy Mac Briggs, 330 N. Fayette St., medical.

Mrs. Robert Stillings, Mt. Sterling, medical.

DISMISSALS

Ora M. Graves, 436 S. Fayette St., surgical.

Mrs. William Bean and infant daughter, Route 2, Sabina.

Mrs. James Bick and infant daughter, 434 Comfort Lane.

James Alan Chandler, New Holland, surgical.

William B. Puckett, Highland, medical.

Mrs. Robert Litteral and infant son, Mt. Sterling.

Floyd Hughes, 320 Hinde St., medical.

Mrs. Otis Peters, Greenfield, medical.

Mrs. Blaine McDaniel, Jeffersonville, medical.

Mrs. William Hoffer, New Vienna, surgical.

Scott Mason, New Holland, surgical.

David Krupla, Bloomington, medical.

Mrs. Delbert Jones, Greenfield, surgical.

Gerald Paul, 514 Comfort Lane, surgical.

Mrs. Clayton Fannin, 330½ E. Market St., surgical.

Harold Miller, Greenfield, medical.

## Blessed Events

Mr. and Mrs. Jesse Wolfe Jr., 1219 E. Paint St., are announcing the birth of a 7 pound 12 ounce son, born at 2:58 a. m. on Saturday in Memorial Hospital.

Mr. and Mrs. Thomas Riley, Route 3, are the parents of a 7 pound, 4 ounce son, born in Memorial Hospital at 7:53 a. m. on Saturday.

Mr. and Mrs. James Burns, Jeffersonville, are announcing the birth of a 8 pound, 14 ounce son, born on Saturday at 8:40 a. m. in Memorial Hospital.

Mr. and Mrs. Jack Carter, Route 1, Jamestown, are the parents of a 8 pound, 12 ounce daughter, born in Memorial Hospital at 12:43 a. m. on Saturday.

## Mainly About People

Will E. Summers, 120 E. Paint St., a merchant here for 42 years, is confined to his home.

Dr. and Mrs. Lawrence Burr is left Washington C. H. Saturday morning for a vacation in New York and Europe. Friends of Mrs. Burr will entertain the couple in New York prior to their sailing on the Queen Elizabeth May 1. Dr. and Mrs. Burr will visit France, Italy, Switzerland, Germany, Holland and Great Britain before they return home in June.

Mr. and Mrs. W. B. Booker, Jr., 720 Dayton Ave., are moving Tuesday to 938 Dayton Ave.

Mrs. Harley C. Haggard has begun housekeeping at 20 W. Front St., New Holland.

Gerald Wackman, 927 Temple St., is a patient in Miami Valley Hospital, Dayton, with a broken leg. His room number is 302.

Charles W. Frayne, Springfield attorney, was admitted to practice before the Supreme Court of the United States. He is the son of Mrs. Ruth Greaves of Candenton, Mo., the grandson of Mr. and Mrs. Charles H. Parrett, E. Court St., and the nephew of the Misses Anna Alice and Marie Frayne of Jasper Township.

Robeson Release Asked

LONDON (AP) — The British Actors Equity Assn. adopted a resolution Sunday urging the U. S. State Department to let singer Paul Robeson fill engagements in Britain. The U. S. canceled Robeson's passport because of his close association with Communist causes.

## Little League Tryouts Start On Wednesday

Tryouts for the Little League will start at 6 p. m. Wednesday at Wilson Field, Max Lawrence, league commissioner, said Monday.

Tryouts will be held for 8 and 9 year old boys the first evening, Lawrence said.

Thursday evening, the 10 and 11 year old boys will take the field.

Friday evening, the 12-year-old will show their stuff.

Managers of the five major league teams and five minor league teams are to be there to grade the boys.

At the player auction, which probably will be held May 10 under the supervision of B. M. Marlin, the league's player agent, the managers will select the replacements for the boys lost from last year's teams.

Most of the managers will have to add six to eight new boys to their squads this year to take the place of those who became over-age (12 years) and those who have moved away.

MANAGERS of the major league teams are John Breiner, Record-Herald; Eddie Mitchell, Dews Realtors; Mac Dews Jr., Sunshine Laundry; Stan Mark, Coca Cola; Charles Reinke, Med-Q Pure Cowsboys and Mike Harrison, Korn's Colonels.

Lawrence said it is imperative that the managers of the minor league teams be at the tryouts and auction, too, because they have to get replacements for the boys who may move up into the majors. They will make their selections at the auction from among the boys not taken by the major league team managers.

Lawrence said parent consent slips are now available at Bray's Store, Main and Court Sts., and that the boys should have them signed and bring them to the tryouts.

Paul Cummings, Lawrence's first lieutenant, who is in charge of the umpires said he would like to hear from anyone who will officiate at the Little League games.

## Jeffersonville Man Fined \$200 and Costs

One man was fined for driving while intoxicated, two for other traffic offenses and two for intoxication by Judge Max G. Dice in Municipal Court Monday morning.

Ben Flax, 59, Jeffersonville, was fined \$200 and costs after he pleaded guilty to driving while intoxicated. He was also sentenced to 10 days in jail, seven suspended, and had his driving rights suspended for one year.

Fined \$15 and costs for reckless operation was Floyd W. Woodgeard, 20, of Kingston, arrested on a bench warrant for a week-old offense. He pleaded guilty.

Billy Penwell, 20, of 422 Grove St., was fined \$5 and costs after he pleaded guilty to speeding.

Forfeiting bond for failure to appear on various offenses were:

John Eveland, 48, of Portageville, Mo., red light, \$15.

Aldan Gondell, 25, Darien, Conn., red light, \$15.

Samuel R. Pauley, 37, Valley Star, Ky., speeding, \$20.

## Only Teetotalers For Bartender Job

DENVER, Colo. (AP) — The Denver Waitress and Bartender School trains only teetotalers.

"Absolutely no alcohol is permitted on the premises," says Donald Howe, the man in charge. "Smoking is forbidden, too."

"Clubs and restaurants desire personnel who are able to mix any of hundreds of fashionable concoctions quickly, adroitly and without waste," Howe explains. "We teach our classes by using bottle containing water."

The students spend the first three of about 50 class periods learning all of the trade's equipment. "Only then are they allowed to attempt their first Manhattan," Howe says.

## Blood Bank Gets 'Symbolic' Donor

OKLAHOMA CITY (AP) — Traffic Judge James Demopolos sentenced an 18-year-old chronic traffic law violator to spend two hours a night for the next 30 days in the emergency room of Mercy Hospital.

James Nix was brought before him with a record of nine traffic accidents and 40 driving citations.

The judge also told the youth to give a pint of his blood to the Red Cross. "That will be symbolic of the blood that could have been spilled on the highway," he said.

## On Wings of Mercy Many Critically Ill, Injured Persons Aided by Volunteers

Off on another mercy flight are Pilot Milligan and nurse Mrs. Mary Anders with a patient.

By RALPH FRIEDMAN  
Central Press Assn.  
MEDFORD, Ore. — One of Oregon's busiest pilots is a man who does not own a plane, does not operate on regular schedule, and receives no money for his flying. He is George Milligan, 38, a control tower operator at the Medford airport.

As chief pilot of Medford's Mercy Flights, Milligan has flown many thousands of miles to bring critically sick and injured persons to hospitals, to rush doctors to scenes of accidents, and to carry polio cases from small hospitals in northern California and southern Oregon to more complete facilities in San Francisco and Portland.

Since 1949, Mercy Flights, Milligan's brainchild, has served the mountainous and forested regions sprawled around Medford with such dedication as to save scores of lives.

A typical case was that of 6-year-old Ruth Alexander of Dunsuir, Calif., a Siskiyou mountain town 110 miles south of Medford.

BUMPING HEADS with a playmate, Ruth suffered a serious brain injury. Dunsuir doctors knew Ruth needed special facilities but an ambulance ride was too risky over the mountain road.

A phone call to Medford brought Milligan, and within an hour Ruth was air bound for a Medford hospital, where she recovered.

Two days later Milligan bucked a violent storm on the coast to carry an injured logger to Eugene for an emergency operation.

While Milligan was away, another of Mercy's 17 volunteer pilots hastily left his bank post to wing into the Oregon desert for a stricken prospector.

MERCY FLIGHTS developed out of two ideas conceived by Milligan: air ambulance service can save lives, and the service ought to be available to all, regardless of means.

The beliefs were shaped by an incident in June, 1949. A Medford man, attacked by polio, was taken by car ambulance to Portland, 300 miles north. The trip required 15 hours and four stops. A few days later the man died.

Milligan, deeply disturbed, initiated a one-man crusade for a community air ambulance service. "We can save polio and accident cases," he told everyone. "This country is full of rocky roads where you can't drive more than 10 miles an hour. Light planes can set down most anywhere. 'We'll save mortality and morbidity, too' put it medically."

HIGH SCHOOL kids collected dimes, women held rummage sales, merchants gave space and money. An Air Force surplus twin-engine Cessna was purchased, and Mercy Flights was in business.

Three years later Milligan decisively proved his point about saving polio cases. Inside of two weeks, during local epidemic, Mercy Flights carried 23 cases, without loss of life, to larger cities.

Today Mercy Flights has four

planes—two obtained from the Air Force by special act of Congress—and a \$5,000 hangar built by volunteer labor.

The air ambulance service is sustained by its more than 5,000 Family Plan subscribers. A subscription is \$4 a year per family for flights up to 400 one-way air miles, as many times a year as necessary. There is no extra fee for accompanying doctors, nurses or members of a family.

There is no town where George Washington was born, but there is a post office there called Washington's Birthplace, Va.

## House Trailer Overtakes in Roadside Ditch

No one was injured but an auto and a trailer were badly damaged in two separate motor vehicle accidents near Washington C. H. Saturday.

A brand new house trailer attached to an auto driven by Mrs. Chloe Long, 53, of Monrovia, Ind., was severely damaged when it rolled over on Route 35 about eight miles south at 12:30 p. m. Saturday.

Mrs. Long told Deputy Sheriff Charles Hays that the trailer started to swing when she rounded a curve, and that she failed to regain control. It broke its mooring and rolled onto its side in the left ditch by the road. Only the right rear fender of the auto was damaged.

AN AUTO driven by Richard Rust, 23, of Greensburg Ind., was severely damaged when it rolled over at the S-curve by the bridge about two miles west of New Holland on route 22.

Rust told Deputy Lawrence Mickel he was driving east about 8:30 p. m. when he saw another car ahead of him stopped to yield the right of way at the one-lane bridge. He said he put on his brakes, skidded across the road and rolled into the ditch.

Damage was to the frame, all the fenders, the roof, and to three posts or a fence owned by Aaron Shipley. The auto landed upside down.

## Fire Is Extinguished Before Firemen Arrive

Firemen were called to the Dunlop Tire & Battery Sales Co. at 1:14 p. m. Monday, but the fire was out before they got there.

A pile of rubbish in back of the store was ablaze, but employees extinguished the blaze themselves.

A person will use about four times as much energy while bending over as while he is standing.

There is no town where George Washington was born, but there is a post office there called Washington's Birthplace, Va.

## 2 More State Universities Seen as Need

New OSU President Also Proposes Pair Of Technical Schools

COLUMBUS (AP)—Dr. Neville G. Fawcett proposed at his inauguration as president of Ohio State University today that the state establish two additional universities if Ohio's population reaches 10 million or more.

Dr. Fawcett also proposed establishment of two-year technical schools in urban centers as possible steps toward meeting the state's growing enrollment needs.

Mediocrity "does not necessarily follow increased size," he said.

Although Ohio State's enrollment will approach 24,000 next October, large registrations "do not commit us to oversized classes," Dr. Fawcett said, adding that the campus has not yet approached the point of diminishing returns in terms of size.

Yet "increased birth rates, Ohio's in-migration of people, and the mounting interest in advance education pose a critical problem," he said. "Statistical studies predict unmanageable enrollments in the facilities of our present colleges and universities in less than 10 years."

IN DISCUSSING the enrollment problem, Dr. Fawcett proposed as "suggestions for study:

1. Year-round use of public school buildings and possible space utilization at colleges and universities in "afternoons, evenings, Saturdays and summers."

2. A strong, high-quality two-year college program in the larger centers of population not presently served adequately.

3. "Possible need for one and perhaps two additional state universities, scientifically located in terms of the population pattern" if Ohio's population extends from the present nine million people to 10 million or more.

4. "Two or three state-supported schools in large urban centers, specializing in two-year terminal, but highly technical, programs" to help free engineers and scientists "for creative work and leadership."

O'Neill estimates that in 10 years the number of persons wanting higher education in Ohio will be "three times greater than now."

O'Neill, in the second of his monthly televised talks Sunday, also estimated that the number of 18 to 22-year-olds will double in the next decade.

The governor shared the 15-minute program with Dr. John C. Baker, president of Ohio University. Baker is chairman of the Ohio Commission on Education Beyond the High School.

THE EDUCATOR stressed that college deans and administrators are worried about the problem of recruiting enough adequately trained professors to meet future needs.

O'Neill commented that Baker's 12-man commission is studying the faculty problem and "should help

San Francisco Businessman Sparks Current Research

## Ions May Bring You Sniffle Relief

By PROF. H. H. SKILLING

Central Press Assn.

PALO ALTO, Calif. —Do you sniffle with hay fever? Do you wheeze with asthma? Do you ache with arthritis? Are you nervous, tired or depressed?

Ions may be the answer, and doctors at half a dozen medical research centers are working to find out.

This ion research is sparked by W. Wesley Hicks, San Francisco businessman. He wants to bring relief to hundreds of thousands who suffer illness and discomfort. He is the evangelist of ions.

Ions are electric charges in the air. Far too small to be seen even with a microscope, they can be measured by delicate electrical instruments. Ions come from natural radioactivity, from cosmic rays, and are to be found in all air.

Nature maintains a balance of the two kinds of ions; some ions have positive charge, some negative. That natural balance is found in good fresh air, in the sea breeze and in the mountains.

However, smoke or smog, industrial fumes, and above all the reek of cigarettes upset the balance. For some people this means intense discomfort.

AMERICAN, German and Japanese scientists suspected a relation between ions and well-being as long as 30 years ago.

The general conclusion seemed to be that negative ions were good for people, and too many positive ions were bad. However, the picture was not at all clear.

More work was needed, more carefully controlled experiments must be tried. For 10 years and more Wes Hicks has been working, and organizing the work of others.

In the 1930s Hicks established a fellowship at Stanford to help young men in college who had a similar need for money and an interest in electricity.

About this time he first became interested in ions. Did his electric heaters produce ions, and if so were they good or bad? He naturally turned to Stanford engineers for help.

TODAY Wesley Hicks holds nearly a dozen United States patents on devices for generating ions and for maintaining the proper balance in the air of a room. The living room, the bedroom, the office can now have a controlled balance of ions.

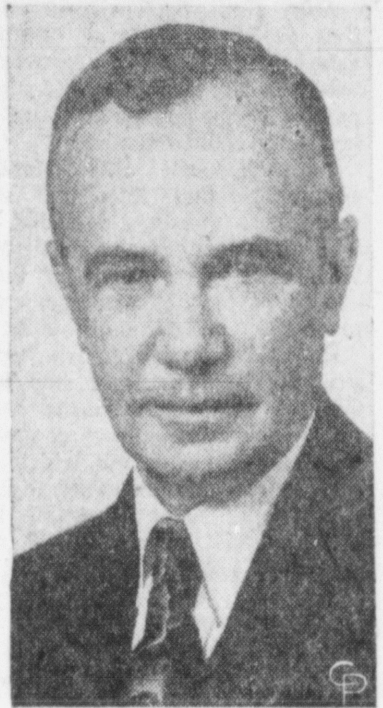

This can be done directly, or it can be done through an air conditioning system with ion generators in the air duct.

Medical and biological studies began in a big way about 10 years ago.

Medical students, offering them-

us to plan wisely for the future."

He said he hopes the commission can answer four questions: (1) Whether present buildings are adequate to house the anticipated student increase; (2) Will those wanting a college education be able to get it; (3) What changes or new policies will be needed to keep up college standards; and (4) Can these standards be preserved while meeting the need of larger enrollments.

W. Wesley Hicks

selves as guinea pigs, slept night after night in ionized air.

Ions were tried in hospital rooms; ions were given to clinic patients; hundreds of people ill or well, breathed ions while research teams watched for results.

Experiments were not limited to people. Thousands of white mice have lived and died in ionized air that their glands and organs might be inspected under the microscope. Do chickens grow more rapidly when the ions are negative? Does sexual maturity come sooner? —or later?

THE EFFECT of ions on bacteria was studied, on molds and spores and viruses. Ions were tried on plants, on little tomato plants, on beans, on shrubs, even on small trees.

At his summer home near Saratoga, Calif., Wes Hicks placed screens of wire mesh around avocado trees and around rhododendron bushes. By charging some of the screens positively, others, negatively, and leaving some uncharged.

## New Opportunity For Negro Actors

NEW YORK (AP)—Off-Broadway's current boom in dramas of social themes and minority problems is providing opportunity galore to talent that might wait long for its big chance on the Great White Way.

The latest addition is "Simply Heavenly" which opens in May with an all-Negro cast. Author Langston Hughes has been described by one critic as "the Moliere of Harlem," and the play is based on his prize-winning novel "Simple Takes a Wife."

Two other attractions with Negro casts scored heavily with the critics previously, "A Land Across the River" and "Take A Giant Step."

## Galion Leader Dies

GALION (AP)—Funeral services for Lewis J. Davis, 57, president of the Power Equipment Co. here, will be held here at 2:30 p. m. Wednesday. He died in a Toledo hospital Sunday after suffering a heart attack.

ed, still more data were collected.

The returns are not yet all in. When everything now known is weighed together, there are strong indications that negative ions are helpful to people, and to chickens, and to mice.

Plants, on the other hand, seem to prefer positive ions. These are tentative conclusions, and a skeptic could say there is no absolute proof.

However, that is only to say that the problem is subtle, and the situation is still dynamic. Electronics, electric heating, air conditioning firms are joining the campaign. Researchers are busy at four or five universities. A thousand ion generators are in use in California alone.

## Voter Turnout Urged

COLUMBUS (AP)—Secretary of State Ted W. Brown Sunday appealed to Ohio voters to participate in the Republican and Democratic primaries Tuesday, May 7. He said elections will be held in half of Ohio's 88 counties.

## Movie Director Kazan Bold In Giving Direct Answers

By BOB THOMAS

HOLLYWOOD (AP)—One thing about Elia Kazan — ask a question and you get an answer.

The director was in town briefly to get his new film, "Face in the Crowd," okayed by the Johnston office. ("A few minor cuts, which I agreed with; I've never had any trouble with them.") I nabbed him at the Beverly Hills Hotel for some direct questions. Why has he been using newcomers in his films?

"Because I won't pay ridiculous prices for actors. My first choice for 'Face in the Crowd' wanted to have his company own a third of the picture and be paid \$150,000 besides. I told him to forget it."

Does his signing of newcomers like Andy Griffith, Tony Franciosa and Rip Torn mean he plans to hold onto the stars he creates? "No, I have no desire to build up a stable."

Didn't he pay Marlon Brando a

bundle for "On the Waterfront"? "Brando got \$125,000, and I didn't pay it; it wasn't my company. My first choice for the role was Paul Newman, who was an unknown at the time."

"I like using unknowns. When I brought Jimmy Dean out here for 'East of Eden,' nobody knew him from his stand-in. He was perfect for the role."

"The studio wanted me to use Bill Holden. Bill's a great guy, but he couldn't play a boy of 20, which was what we needed."

Now that the fuss is over, did he have any regrets about "Baby Doll"? "None, except certain things about the story I might have done differently."

Did the furor over "Baby Doll" upset him? "Not particularly," he said. "I was mad at Cardinal Spellman for saying I was un-American and sending people into the theater expecting to see a dirty picture. But it's only certain figures in the church that were against me, not the Catholics. I have no beef with them."

## Bladder 'Weakness'

It worried by "Bladder Weakness" (Getting Up Night or Bed Wetting, too frequent, burning or itching urination) or Strong Smelling, Cloudy Urine, due to common kidney and bladder irritations, try CYSTEX for quick help. 30 years use prove safe for young and old. Ask druggist for CYSTEX under money-back guarantee. See how fast you improve.

## 2 More State Universities Seen as Need

New OSU President Also Proposes Pair Of Technical Schools

COLUMBUS (AP)—Dr. Novice G. Fawcett proposed at his inauguration as president of Ohio State University today that the state establish two additional universities if Ohio's population reaches 10 million or more.

Dr. Fawcett also proposed establishment of two-year technical schools in urban centers as possible steps toward meeting the state's growing enrollment needs.

Mediocrity "does not necessarily follow increased size," he said. Although Ohio State's enrollment will approach 24,000 next October, large registrations "do not commit us to oversized classes," Dr. Fawcett said, adding that the campus has not yet approached the point of diminishing returns in terms of size.

Yet "increased birth rates, Ohio's in-migration of people, and the mounting interest in advance education pose a critical problem," he said. "Statistical studies predict unmanageable enrollments in the facilities of our present colleges and universities in less than 10 years."

IN DISCUSSING the enrollment problem, Dr. Fawcett proposed as "suggestions for study:"

1. Year-round use of public school buildings and possible space utilization at colleges and universities in "afternoons, evenings, Saturdays and summers."

2. A strong, high-quality two-year college program in the larger centers of population not presently served adequately.

3. "Possible need for one and perhaps two additional state universities, scientifically located in terms of the population pattern" if Ohio's population extends from the present nine million people to 10 million or more.

4. "Two or three state-supported schools in large urban centers, specializing in two-year terminal, but highly technical, programs" to help free engineers and scientists "for creative work and leadership."

O'Neill estimates that in 10 years the number of persons wanting higher education in Ohio will be "three times greater than now."

O'Neill, in the second of his monthly televised talks Sunday, also estimated that the number of 18 to 22-year-olds will double in the next decade.

The governor shared the 15-minute program with Dr. John C. Baker, president of Ohio University. Baker is chairman of the Ohio Commission on Education Beyond the High School.

THE EDUCATOR stressed that college deans and administrators are worried about the problem of recruiting enough adequately trained professors to meet future needs.

O'Neill commented that Baker's 12-man commission is studying the faculty problem and "should help

San Francisco Businessman Sparks Current Research

## Ions May Bring You Sniffle Relief

By PROF. H. H. SKILLING

Central Press Assn.  
PALO ALTO, Calif. —Do you sniffle with hay fever? Do you wheeze with asthma? Do you ache with arthritis? Are you nervous, tired or depressed?

Ions may be the answer, and doctors at half a dozen medical research centers are working to find out.

This ion research is sparked by W. Wesley Hicks, San Francisco businessman. He wants to bring relief to hundreds of thousands who suffer illness and discomfort. He is the evangelist of ions.

Ions are electric charges in the air. Far too small to be seen even with a microscope, they can be measured by delicate electrical instruments. Ions come from natural radioactivity, from cosmic rays, and are to be found in all air.

Nature maintains a balance of the two kinds of ions; some ions have positive charge, some negative. That natural balance is found in good fresh air, in the sea breeze and in the mountains.

However, smoke or smog, industrial fumes, and above all the reek of cigarettes upset the balance. For some people this means intense discomfort.

AMERICAN, German and Japanese scientists suspected a relation between ions and well-being as long as 30 years ago.

The general conclusion seemed to be that negative ions were good for people, and too many positive ions were bad. However, the picture was not at all clear.

More work was needed, more carefully controlled experiments must be tried. For 10 years and more Wes Hicks has been working, and organizing the work of others.

In the 1930s Hicks established a fellowship at Stanford to help young men in college who had a similar need for money and an interest in electricity.

About this time he first became interested in ions. Did his electric heaters produce ions, and if so were they good or bad? He naturally turned to Stanford engineers for help.

TODAY Wesley Hicks holds nearly a dozen United States patents on devices for generating ions and for maintaining the proper balance in the air of a room. The living room, the bedroom, the office can now have a controlled balance of ions.

This can be done directly, or it can be done through an air conditioning system with ion generators in the air duct.

Medical and biological studies began in a big way about 10 years ago.

Medical students, offering them-

us to plan wisely for the future." He said he hopes the commission can answer four questions:

(1) Whether present buildings are adequate to house the anticipated student increase; (2) will those wanting a college education be able to get it; (3) what changes or new policies will be needed to keep up college standards; and (4) can these standards be preserved while meeting the need of larger enrollments.

## An Arrow in a Bramble Patch

President Ernesto de La Guardia may or may not have been misquoted in an interview published in London saying Panama would resume sovereignty over the Canal Zone.

If Panama could claim the canal tolls as national revenue, why not? Too, it is not bad sport to pluck a few of the American Eagle's tailfeathers.

Now the Panama president claims his remarks were misinterpreted. He professes friendship for the United States, asserting that the two nations must pull together.

Under the 1903 treaty with Panama, conferring the right to construct, operate and maintain the canal, the U. S. was granted the additional right to exercise

in the 10-mile wide Canal Zone "all the rights it would possess if it were sovereign." These rights were granted "in perpetuity."

Suez Canal stockholders thought they were similarly entrenched. But they had no strong national support and Nasser found it fairly easy to take over. The Panama Canal is not owned by stockholders. It is owned by the United States government.

No one supposes that any maritime power will back any ambition Panama might have to operate the canal. President La Guardia probably shot an arrow into the air. But it fell into a bramble patch.

## White Collar Work Force Grows

By Hal Boyle

NEW YORK (AP) — The man with the hoe has given way to the man with the white collar.

All great civilizations have sprung from a sturdy peasant class.

Unnoticed by anyone, the United States one day last year silently reached one of those turning points from which there is no going back.

It became a land of indoor peasants, probably the first major power in history in which the white collar worker makes up the largest element in its labor force.

What are the implications behind this startling fact? What does it mean for the future?

In pointing out that white collar workers are now the most numerous type of wage earner in America, a U. S. Department of Labor expert warned that some are in still short supply.

"The shortage of skilled, technical and professional manpower is now general throughout the nation," Brunswick A. Bagdon told a conference at Louisville,

"and will get worse unless we move swiftly to improve our training and employment policies and strengthen our educational system."

This is only one aspect of the quiet revolution over the last half century during which the machine age had gone to the farm and the hired hand has gone to the city.

The old question of "how you gonna keep 'em down on the farm?" has received a final answer. You ain't gonna. In 1910 America's farm population totaled 13,500,000. In 1955 was down to 6,342,000.

The farm family and the family farm seem to be slowly going the way of the horse, if not the dodo, as agriculture becomes more and more a big business, and the small operator becomes less and less important.

But what interests many of us most in the rise of the white collar class are the human aspects of the new situation it creates.

It means, for example:

The typical American no longer works outdoors. He works indoors.

Instead of a lean bronzed figure with calloused hands he is (or will be) a grubworm-white prisoner of a paycheck who can't even tell you now how many faucets there are on a milk cow.

Instead of driving an ax into the heart of a tree on a wintry day, he will snugly press a push-button and wait for something to happen.

This new typical American will labor less, eat better, live longer than his father. He will be surrounded with a hundred new comforts and mechanical pleasures his grandfather never heard of.

And many and many a morning as he slips his necktie beneath his shining white collar, he will look at himself in the mirror and ask:

"What am I missing in life?"

Perhaps his granddaddy, who would be sitting by his fireplace if he only had a fireplace, could tell him.

## Budget Bureau--A Usurper!

By George Sokolsky

Before we all go broke, let us have a look at the Bureau of the Budget which has expanded itself far beyond the intention of Congress which created it.

According to the Constitution, all appropriations are to be made by Congress, originating in the House of Representatives. The Bureau of the Budget was created by Congress to assist Congress in gathering the data necessary for making appropriations.

So what happens? The Bureau extends itself into a forceful arm of government, usurping powers which the Constitution gives to Congress and to no one else.

Congress cannot delegate its authority over appropriations to the Bureau of the Budget, but because many members of Congress are hard pressed and no good at simple arithmetic, they ask the experts in the Bureau of the Budget whether an idea for spending the taxpayer's money is good or bad and when the reply comes back:

"The Bureau of the Budget in-

terposes no objection," the item finds itself in the budget and the money gets spent.

Where does the Bureau of the Budget get the authority to interpose or not to interpose an objection? That is the question.

Search high and low and you will find no such authority. That power lies in Congress and in Congress alone.

It has not been delegated to the Bureau of the Budget. It cannot under the Constitution be delegated to the aforesaid Bureau.

Nevertheless, it is a fact that it is this Bureau which has come up with the \$71,800,000,000 budget that suddenly has become sacrosanct and that the chosen representatives of the American people do not know how to cut. Most suggestions during the past week or two for cutting the budget down to size have been political phonies to give the impression that something is being done about the budget while actually nothing is being done.

Why elect members of Congress at all? Why go through the hocus-pocus every two years of choosing members of the House of Representatives when the most important task they perform, namely, controlling the expenditures of the government, is performed by a non-elected bureau of government, in no manner responsible to the people?

A member of Congress wrote to me:

"Do you know that witnesses for the departments cannot voluntarily express opinions contrary to the views of the Bureau of the Budget? Do you know that after Congress has appropriated funds, the several departments, particularly the military, must again ask permission of the Bureau of the Budget to spend the money thus appropriated?"

"Do you know that after Congress has authorized certain strength in the Defense Department, the Bureau of the Budget reviews the authorization and makes the determination as to what extent the authorization will

be allowed?

"Do you know that the Bureau of the Budget maintains its own staff of engineers and 'experts' which in practice and effect supersedes any similar staff of Congress?"

No, I did not know that Congress has so abdicated its constitutional functions that it permits this appointed bureaucracy to interfere with the rights of Congress.

The reason? There are several, not the least of which is that during the New Deal days, members of Congress got into the habit of letting so-called experts do their work for them. Those were the happy days of Corcoran and Cohen and of Lee Pressman and such. Congress became a rubber stamp and members of Congress feared the popularity of Franklin D. Roosevelt and his ability to speak to the "hearts" of the people.

And what started then have become precedents that stick. Another difficulty in the Eisenhower administration is that an institution is developing called "the leadership."

This exists in both parties and is a lot of political hokum. The people never elected a leadership; they elect their own senators and representatives. The concept of the leadership is European and it is aimed at disturbing the division of powers inherent in our form of government so that the executive, meaning in this instance, Sherman Adams, will prevail.

In both parties, the institution of "the leadership" has gained strength because "the leadership" can get favors from the White House which are no longer available to individual senators and representatives most of whom can no more see President Eisenhower to talk to about home problems than they can discuss such matters with Queen Elizabeth.

## Diet and Health Nation's Hospitals Have Too Few Beds

By HERMAN N. BUNDESEN

There are more hospital beds in the United States today than ever before. Yet, there aren't enough.

You will probably learn of this problem first hand when you try to arrange for entrance into a hospital. Except for emergency cases, patients often have to wait for admittance.

For a long time now, we have placed the desired number of general hospital beds at 4.5 per 1,000 persons in the nation. This, of course, is not an ideal number, but it is considered a standard measure of need.

We haven't quite reached the figure on a national average, but we are getting close. The Health Information Foundation reported recently that the national average is now 4.2 beds for every 1,000 persons.

Back in 1940, there were 19 states below the then national average of 3.5 beds and 39 states were below the accepted standard. As of last year, 21 states were below the new national average and only 28 were under the 4.5 ratio.

What does all this mean to you? Well, if you live in the Mountain states, for example, you have a better chance of getting into a hospital on any particular date than you would if you lived in the East South Central states.

The Mountain states have 4.9 general hospital beds for every 1,000 residents. In the East Central states, the ratio is only 3.2.

Fewest Beds

Utah and Mississippi have the fewest hospital beds, a 3.1 ratio. The West North Central area has 4.6 beds; the Middle Atlantic, 4.3; the Pacific, 4.3; New England, 4.2; East North Central, 4.1; South Atlantic, 4.0; and the West South Atlantic, 4.0.

As the Foundation points out, an inadequate number of beds not only can cause delays in admitting patients, but it may even make a certain number of admissions impossible, thus lowering the effectiveness of hospital care in the community.

QUESTION AND ANSWER  
R. L. M.: My husband, who is 78 years old, sleeps most of the day. What can be the cause of this?

Answer: There are many causes for excessive sleepiness. It may be due to constipation, but this is not a very common cause. Lack of outdoor exercise or eating the wrong diet, too much alcohol and worry may cause it. A circulatory disturbance and thyroid deficiency are other causes.

Your husband is in need of a thorough physical examination to determine the cause of his difficulty.

## SLEEPY LITTLE STOCKHOLDER

YOUNGEST SHARE OWNER at the General Electric Company's 65th annual meeting in Schenectady, N. Y., is eight-year-old Jeffrey Shore, who nestles in the lap of her mother, Mrs. Joan Shore, of Utica, N. Y., while papa, Arthur, looks on. Some 3,700 persons from every section of the nation attended the world's largest meeting of its kind. Jeffrey is owner of ten shares of the corporation's stock.

## Try and Stop Me

By BENNETT CERF

A HONG KONG matron engaged a new houseboy, though she gravely suspected that he had just sneaked over from the Communist mainland. "I'll try you," she said dubiously, "but that pet cat of yours will have to go. There will be no Peeping toms around my house!"

A farmer, hit hard by two devastating storms, took his losses philosophically. "The crops were ruined," he admitted, "the silo blew down, and the cows look poorly, but I held over 'Julius Caesar' for a third week in the barn."

Do you have trouble persuading your 10-year-old sons to tuck in their shirttails in school or when company comes to dinner? Try the remedy Will Rogers' ma used on him. She sewed lace around the bottom of every shirt he owned. It worked wonders.

© 1957, by Bennett Cerf. Distributed by King Features Syndicate.

## The Nation Today

James Marlow

WASHINGTON (AP) — How many bubbles are there in a cake of soap. Atty. Gen. Brownell has cited that as an example of questions asked Negroes by a registrar of voters in Mississippi in the recent past to keep them from voting unless they could answer.

Brownell said those making complaints that they had been asked such questions included college graduates, teachers and businessmen. He said none of them, according to the registrar, could meet the voting requirements.

He said he could move into a situation like that and stop it if Congress would grant the attorney general the power contained in the civil rights bill which the Eisenhower administration asked.

This was what Brownell told Congress last year. No bill was passed. It's possible none will be passed this year either. It's over the very power mentioned by Brownell that the Southerners are making their biggest fight against the bill.

Here is background on the argument:

Under present law one of those Negro college graduates in Mississippi could go into federal court, complain to the judge the registrar of voters was interfering with his voting rights, and ask for an injunction to stop it.

The judge could then hold a hearing, giving the registrar a chance to explain his position. There would be no jury involved. If the judge was convinced the

registrar was unconstitutionally interfering with the would-be Negro voter, he could order the registrar by injunction to stop it.

If the registrar again asked the Negro about bubbles in soap, the Negro could report back to the judge that the injunction had been violated. The registrar, if found guilty, could be punished.

But — before there was any finding of guilty he could request, and would get, a trial by jury. The jury, of course, would be composed of people from the community.

Those pushing the kind of bill the administration wants protest that there are two things wrong with the procedure just outlined:

1. The time involved. They argue that by the time trial was held—since time is taken up with setting a trial date, picking a jury, and so on—the election in which the frustrated Negro wanted to vote would be over.

2. There would be reluctance on the part of the jury to find one of its own voting officials guilty in an area where there was resistance to Negro voting.

The administration would get around those two points by asking Congress to pass a law to do this:

A Negro blocked from voting by such questions as bubbles in soap could turn at once to the U. S. district attorney representing the Justice Department in that area. The U. S. attorney, not the Ne-

gro, would ask the judge for an injunction. If the registrar then violated the injunction, the U. S. district attorney would tell the judge. The latter could bring the registrar before him at once to stand trial for contempt.

But in this case — because it was the government bringing the action — the registrar would not get a trial by jury.

Southern Democrats, led by Sen. Ervin of North Carolina, have been making their fight against the civil rights bill, which contains other features, on that main point of a man facing jail without trial by jury.

This, they argue, is constitutionally wrong, that a man is entitled to jury trial.

But Brownell says there is nothing basically new in the idea at all, that there are 28 different laws on the books which permit the attorney general to ask for an injunction and eliminate jury trial when the injunction is violated.

For example: Antitrust laws, the wage and hour law, the Atomic Energy Act, laws against false advertisements and gross abuse of trust by investment companies, and the Securities and Exchange Act.

An Arrow in a Bramble Patch

President Ernesto de La Guardia may or may not have been misquoted in an interview published in London saying Panama would resume sovereignty over the Canal Zone.

If Panama could claim the canal tolls as national revenue, why not? Too, it is not bad sport to pluck a few of the American Eagle's tailfeathers.

Now the Panama president claims his remarks were misinterpreted. He professes friendship for the United States, asserting that the two nations must pull together.

Under the 1903 treaty with Panama, conferring the right to construct, operate and maintain the canal, the U. S. was granted the additional right to exercise

in the 10-mile wide Canal Zone "all the rights it would possess if it were sovereign." These rights were granted "in perpetuity."

Suez Canal stockholders thought they were similarly entrenched. But they had no strong national support and Nasser found it fairly easy to take over. The Panama Canal is not owned by stockholders. It is owned by the United States government.

No one supposes that any maritime power will back any ambition Panama might have to operate the canal. President La Guardia probably shot an arrow into the air. But it fell into a bramble patch.

White Collar Work Force Grows

By Hal Boyle

NEW YORK — The man with the hoe has given way to the man with the white collar.

All great civilizations have sprung from a sturdy peasant class.

Unnoticed by anyone, the United States one day last year silently reached one of those turning points from which there is no going back.

It became a land of indoor peasants, probably the first major power in history in which the white collar worker makes up the largest element in its labor force.

What are the implications behind this startling fact? What does it mean for the future?

In pointing out that white collar workers are now the most numerous type of wage earner in America, a U. S. Department of Labor expert warned that some are in still short supply.

"The shortage of skilled, technical and professional manpower is now general throughout the nation," Brunswick A. Bagdon told a conference at Louisville,

"and will get worse unless we move swiftly to improve our training and employment policies and strengthen our educational system."

This is only one aspect of the quiet revolution over the last half century during which the machine age had gone to the farm and the hired hand has gone to the city.

The old question of "how you gonna keep 'em down on the farm?" has received a final answer. You ain't gonna. In 1910 America's farm population totaled 13,500,000. In 1955 was down to 6,342,000.

The farm family and the family farm seem to be slowly going the way of the horse, if not the dodo, as agriculture becomes more and more a big business, and the small operator becomes less and less important.

But what interests many of us most in the rise of the white collar class are the human aspects of the new situation it creates.

It means, for example:

The typical American no longer works outdoors. He works indoors.

Instead of a lean bronzed figure with calloused hands he is (or will be) a grubworm-white prisoner of a paycheck who can't even tell you now how many faucets there are on a milk cow.

Instead of driving an ax into the heart of a tree on a wintry day, he will snugly press a push-button and wait for something to happen.

This new typical American will labor less, eat better, live longer than his father. He will be surrounded with a hundred new comforts and mechanical pleasures his grandfather never heard of.

And many and many a morning as he slips his necktie beneath his shining white collar, he will look at himself in the mirror and ask:

"What am I missing in life?" Perhaps his granddaddy, who would be sitting by his fireplace if he only had a fireplace, could tell him.

Budget Bureau--A Usurper!

By George Sokolsky

Before we all go broke, let us have a look at the Bureau of the Budget which has expanded itself far beyond the intention of Congress which created it.

According to the Constitution, all appropriations are to be made by Congress, originating in the House of Representatives. The Bureau of the Budget was created by Congress to assist Congress in gathering the data necessary for making appropriations.

So what happens? The Bureau extends itself into a forceful arm of government, usurping powers which the Constitution gives to Congress and to no one else.

Congress cannot delegate its authority over appropriations to the Bureau of the Budget, but because many members of Congress are hard pressed and no good at simple arithmetic, they ask the experts in the Bureau of the Budget whether an idea for spending the taxpayer's money is good or bad and when the reply comes back:

"The Bureau of the Budget in-

terposes no objection," the item finds itself in the budget and the money gets spent.

Where does the Bureau of the Budget get the authority to interpose or not to interpose an objection? That is the question.

Search high and low and you will find no such authority. That power lies in Congress and in Congress alone.

It has not been delegated to the Bureau of the Budget. It cannot under the Constitution be delegated to the aforesaid bureau.

Nevertheless, it is a fact that it is this bureau which has come up with the \$71,800,000,000 budget that suddenly has become sacrosanct and that the chosen representatives of the American people do not know how to cut. Most suggestions during the past week or two for cutting the budget down to size have been political phonies to give the impression that something is being done about the budget while actually nothing is being done.

Why elect members of Congress at all? Why go through the hocus-pocus every two years of choosing members of the House of Representatives when the most important task they perform, namely, controlling the expenditures of the government, is performed by a non-elected bureau of government, in no manner responsible to the people?

A member of Congress wrote to me:

"Do you know that witnesses for the departments cannot voluntarily express opinions contrary to the views of the Bureau of the Budget? 'Do you know that after Congress has appropriated funds, the several departments, particularly the military, must again ask permission of the Bureau of the Budget to spend the money thus appropriated?'

"Do you know that after Congress has authorized certain strength in the Defense Department, the Bureau of the Budget reviews the authorization and makes the determination as to what extent the authorization will

be allowed?

"Do you know that the Bureau of the Budget maintains its own staff of engineers and 'experts' which in practice and effect supersedes any similar staff of Congress?"

No, I did not know that Congress has so abdicated its constitutional functions that it permits this appointed bureaucracy to interfere with the rights of Congress.

The reason? There are several, not the least of which is that during the New Deal days, members of Congress got into the habit of letting so-called experts do their work for them. Those were the happy days of Corcoran and Cohen and of Lee Pressman and such. Congress became a rubber stamp and members of Congress feared the popularity of Franklin D. Roosevelt and his ability to speak to the "hearts" of the people.

And what started then have become precedents that stick. Another difficulty in the Eisenhower administration is that an institution is developing called "the leadership."

This exists in both parties and is a lot of political hokum. The people never elected a leadership; they elect their own senators and representatives. The concept of the leadership is European and it is aimed at disturbing the division of powers inherent in our form of government so that the executive, meaning in this instance, Sherman Adams, will prevail.

In both parties, the institution of "the leadership" has gained strength because "the leadership" can get favors from the White House which are no longer available to individual senators and representatives most of whom can no more see President Eisenhower to talk to about home problems than they can discuss such matters with Queen Elizabeth.

Nation's Hospitals Have Too Few Beds

By HERMAN N. BUNDESEN

There are more hospital beds in the United States today than ever before. Yet, there aren't enough.

You will probably learn of this problem first hand when you try to arrange for entrance into a hospital. Except for emergency cases, patients often have to wait for admittance.

For a long time now, we have placed the desired number of general hospital beds at 4.5 per 1,000 persons in the nation. This, of course, is not an ideal number, but it is considered a standard measure of need.

We haven't quite reached the figure on a national average, but we are getting close. The Health Information Foundation reported recently that the national average is now 4.2 beds for every 1,000 persons. This represents an increase of 200 per cent over the 1909 ratio of only 2.5 beds.

Back in 1940, there were 19 states below the then national average of 3.5 beds and 39 states were under the accepted standard. As of last year, 21 states were below the new national average and only 28 were under the 4.5 ratio.

What does all this mean to you? Well, if you live in the Mountain states, for example, you have a better chance of getting into a hospital on any particular date than you would if you lived in the East South Central states.

The Mountain states have 4.9 general hospital beds for every 1,000 residents. In the East Central states, the ratio is only 3.2.

Fewest Beds

Utah and Mississippi have the fewest hospital beds, a 3.1 ratio.

The West North Central area has 4.6 beds; the Middle Atlantic, 4.3; the Pacific, 4.3; New England, 4.2; East North Central, 4.1; South Atlantic, 4.0; and the West South Atlantic, 4.0.

As the Foundation points out, an inadequate number of beds not only can cause delays in admitting patients, but it may even make a certain number of admissions impossible, thus lowering the effectiveness of hospital care in the community.

The Nation Today

James Marlow

WASHINGTON — How many bubbles are there in a cake of soap. Atty. Gen. Brownell has cited that as an example of questions asked Negroes by a registrar of voters in Mississippi in the recent past to keep them from voting unless they could answer.

Brownell said those making complaints that they had been asked such questions included college graduates, teachers and businessmen. He said none of them, according to the registrar, could meet the voting requirements.

He said he could move into a situation like that and stop it if Congress would grant the attorney general the power contained in the civil rights bill which the Eisenhower administration asked.

This was what Brownell told Congress last year. No bill was passed. It's possible none will be passed this year either. It's over the very power mentioned by Brownell that the Southerners are making their biggest fight against the bill.

Here is background on the argument:

Under present law one of those Negro college graduates in Mississippi could go into federal court, complain to the judge the registrar of voters was interfering with his voting rights, and ask for an injunction to stop it.

The judge could then hold a hearing, giving the registrar a chance to explain his position. There would be no jury involved. If the judge was convinced the

registrar was unconstitutionally interfering with the would-be Negro voter, he could order the registrar by injunction to stop it.

If the registrar again asked the Negro about bubbles in soap, the Negro could report back to the judge that the injunction had been violated. The registrar, if found guilty, could be punished.

But — before there was any finding of guilty he could request, and would get, a trial by jury. The jury, of course, would be composed of people from the community.

Those pushing the kind of bill the administration wants protest that there are two things wrong with the procedure just outlined:

1. The time involved. They argue that by the time trial was held — since time is taken up with setting a trial date, picking a jury, and so on — the election in which the frustrated Negro wanted to vote would be over.

2. There would be reluctance on the part of the jury to find one of its own voting officials guilty in an area where there was resistance to Negro voting.

The administration would get around those two points by asking Congress to pass a law to do this:

A Negro blocked from voting by such questions as bubbles in soap could turn at once to the U. S. district attorney representing the Justice Department in that area. The U. S. attorney, not the Ne-

gro, would ask the judge for an injunction. If the registrar then violated the injunction, the U. S. district attorney would tell the judge. The latter could bring the registrar before him at once to stand trial for contempt.

But in this case — because it was the government bringing the action — the registrar would not get a trial by jury.

Southern Democrats, led by Sen. Ervin of North Carolina, have been making their fight against the civil rights bill, which contains other features, on that main point of a man facing jail without trial by jury.

This, they argue, is constitutionally wrong, that a man is entitled to jury trial.

But Brownell says there is nothing basically new in the idea at all, that there are 28 different laws on the books which permit the attorney general to ask for an injunction and eliminate jury trial when the injunction is violated.

For example: Antitrust laws, the wage and hour law, the Atomic Energy Act, laws against false advertisements and gross abuse of trust by investment companies, and the Securities and Exchange Act.

## Society Meeting At Chaney Home

The Missionary Society of the First Baptist Church met at the home of Mrs. Kenneth Chaney recently.

A tempting dessert course, which preceded the meeting, was served by the hostess assisted by Misses Bertha and Metta Graves.

The president, Mrs. John Case, opened the meeting with prayer. Regular reports were approved, and 106 calls were reported made during the month. Members voted to send \$5 to the Southern Ohio Bible School.

Mrs. Walter McLean, program chairman, used as her topic "Foundation Stones of Freedom," with Christ as the center stone. The six other stones, Mrs. McLean named were "Freedom of Worship," "Freedom of Speech," "Freedom from Fear," "Freedom from Want," "Christian Friendliness" and "United Nations."

The devotional leader, Mrs. Milo Smith, read from the 24th chapter of Luke. Her program topic was "You Can't Hold Back the Dawn" and she pointed out that all religions have tombs, but that Christianity has the only empty one. Miss Bertha Graves read "Christ is Risen" and the meeting closed with the Circle prayer.

Informal visiting was enjoyed during the social hour.

## Cecilians Announce Annual Dinner Meeting

Cecilians will hold their annual dinner meeting at St. Andrew's Episcopal Church on May 8 at 6:30 p. m.

Mrs. George Stitt, general chairman, will be in charge of the flower arrangements and Miss Clara Belle Robinson, Mrs. Edwin Wagner and Mrs. Omar Schwartz is the committee appointed for the evening.

The guest artist, Mrs. Roy Wipert, will explain folk music.

Members, both active and associate, and guests are asked to phone Mrs. Donald Schwaigert by May 4 for reservations.

## Party Friday Evening Honors Retiring Water Co. Worker

The Ohio Water Service Co. honored one of its employees, Mr. Clayton Sexton, who is retiring after 35 years of service with a farewell party Friday evening at the Wardell Party Home.

As the guests arrived they found their places at a long white table centered with a beautiful arrangement of sweet peas and snapdragons. At each end of the table was a huge pot of yellow mums. At each place was a four-leaf nut cup for good luck for the honored guests.

The country style dinner was

## Friendship Class Meets at Church

The Friendship Class of the Sugar Grove Methodist Church met in the church basement recently.

Mr. Gene Juillerat, president, opened the meeting and led the group in singing the Class song, "What a Friend," which was followed by hymns chosen by the ladies present.

The devotional leader, Mrs. Paul Brunner, used as her topic "A Dart Straight to the Heart of Our Problem." She also discussed "Peace," which she said is one of the powers of God.

After a short business session the guest speaker, the Rev. Lucas Cook, of Asbury Seminary, Wilmore, Ky., was introduced. He told of his life and experiences, and during his talk he pointed out the importance of prayer. Members enjoyed the discussion that followed. It was announced that the May meeting will be held at the home of Mr. and Mrs. Frank Berry. Tempting refreshments were then served.

## Golden Wedding Anniversary

Mr. and Mrs. John Livesay, New Holland, celebrated their Golden Wedding anniversary with a family dinner at their home on Sunday.

Guests invited for the occasion were Mr. and Mrs. Richard Nixon and children of London, Mr. and Mrs. Frank LePlant of Toledo and Mr. and Mrs. Kenneth Livesay of Washington C. H.

The Livesays (she is the former Chloe Heiserman) were married in Circleville on April 29, 1907. They began housekeeping in the New Holland community and in 1925 moved to the McKinley Kirk farm where they still reside.

Mr. and Mrs. Livesay had four children, two of whom are still living. They are Mrs. Leah LePlant of Toledo and Mr. Kenneth Livesay of Washington C. H. They also have two grandchildren and four great-grandchildren.

ENDING an absence of seven years, Hedy Lamarr arrives in Hollywood to make film, "Hideaway House." Her home is Houston, Tex. (International)

## "Mary Hawthorth's Mail"

DEAR MARY HAWORTH: I am a widow, 40 living in the same town as my parents and married sister. We have separate homes. My sister and I are very fond of our nice parents, and always have been close to them, perhaps because we are a small family.

However, the problem is their attention to details — their extreme solicitude about small things; such as "make sure you wear your overshoes . . . take an umbrella . . . you shouldn't smoke so much . . . drinking is bad . . . don't be out late at night."

When my sister and I were planning to marry, they disapproved. They were discouraging towards the boy friend and marriage; but when they finally saw that we were determined, they went along at the zero hour. Yet when or if we didn't go out, mother would say she wanted no old maids on her hands!

Mother's feelings are easily hurt and if one were sharply frank, she might become tearful. And in fact she can sense when you might be on the verge of being sharp, and you can see the impact in her face—a stricken look that makes you go away feeling guilty.

Mother is an introvert and very religious; religion seems to be her only outlet. Dad is the extrovert and quietly feels (though he never says) that mother rather overdoes religion. I think. But he is a loyal husband, just as she is a devoted wife. They don't get out enough, as dad tires easily and needs his rest.

I don't know why I get so disturbed about them—mother mostly, I guess. Perhaps it's the "clucking" over adult children. Or having to curb myself in their presence. I don't say much, lest I start a long discourse about nothing; or lose my temper and go away knowing that they'll be dissecting my comment for hours; or that I've hurt their feelings, unwittingly.

What do you make of it all?

S. Y.  
DEAR S.Y.: Most of your story isn't told. It seems you are on the defensive against your parents' solicitous disapproval of some aspects, at least, of your "conduct of life" in widowhood. Your fragmentary quotes, to illustrate their concern — "don't smoke so much; drinking is bad;

don't be out late at night"—also your aggrieved memory that they disapproved your choice of mate, and your sister's too, years ago, all suggest a chronic fear on their part that you may harm yourself. In other words, they just don't assume that you can maintain yourself morally, without constant reminders.

Judging by the gist of past history, your mother probably is concerned about your dating relationships or social affiliations (or lack of same) at the present time. And you may be less than happy on this score too—which would cause you to be emotionally allergic and resistant to her intense preoccupation with such "details" of your private life.

If you were happy and satisfied in your personal scheme of things, habitual solicitude would distress you unduly—as seems to be the case at present. The antidote is to come of age, psychologically, and round out your own development—so that you won't be always "judging" yourself unconsciously, by what your mother "thinks" of you.

M. H.  
Mary Hawthorth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

## Music Club Meets

The gay Notes Music Club, sponsored by the Cecilians, met at the home of Mrs. Omar Schwartz, who is one of the advisors, on Friday. Fourteen members and three guests were present.

The president, Corinne Cobb, opened the business meeting by leading in the repeating of the Junior Pledge. The secretary gave her report, and dues were collected.

The afternoon was spent listening to records that members had selected from their collections. Hostesses for the afternoon were Sandy Douds and Linda Parish, and guests were Vickie Wilson, Pamela Leeth and Bobby Miller.

## Park Area Popular

WASHINGTON (AP) — The Army Engineers Corps reports that 1,226,100 persons made use of the corps' recreational facilities at the West Fort Mill Creek Reservoir Area in Ohio during 1956.

Nice for a change—dice unpeeled red apple and finely diced celery add to green cabbage for slaw.

## Congressional Wives Set To Put On Show of Own

By JANE EADS  
WASHINGTON (AP) — Congressional wives will get into the act with a fun and facts show, "Alice in Demo Land," when the Democratic National Committee holds its meeting here the first week in May.

The production will highlight a reception planned by members of the Democratic Congressional Wives Forum for some 40 national committeewomen from all parts of the country. Special guests will include Mrs. Eleanor Roosevelt and Mrs. Harry Truman.

With Mrs. Frank J. Lausche, wife of the Ohio senator, and Mrs. Hale Boggs, wife of the Louisiana congressman, as narrators, the skit will show how "Alice and others followed the Precinct Rabbit and bounced into politics."

Pert, brunette Mrs. George Huddleston Jr., wife of the Alabama congressman, will play the inquisitive Alice who follows the rabbit, Mrs. Harlan Hagen, wife of the California congressman, to a caucus meeting and "sees all types of workers."

There's "old Faithful," the unassuming heroine who closes windows, locks doors, licks stamps and runs errands, played by the wife of Alabama Sen. Lister Hill, and the disorganized, scatter-brain, known as the "Sprinter," played by Mrs. Frank Church, wife of the Idaho senator.

There's "Appassionata, the Band Wagon Girl," the glamor filly who "likes men best and always stirs the women up," played by a beautiful former Powers model, Mrs. Ross Bass, wife of the Tennessee lawmaker.

A former congresswoman, Mrs. Paul Douglas, wife of the Illinois Senator, wearing a newsprint dress, portrays "Publicity Hound," an avid title-grabber. "Miss Fancy Hat," is interpreted

by the Oregon senator's wife, Mrs. Richard Neuberger.

Others include "Mrs. Chip-on-Shoulder," played by Mrs. W. F. Norrell, wife of the Arkansas congressman, and "The Perfect Type" (she has just "turned 30, has seven children, is active in every organization") played by Mrs. Homer Thornberry, wife of the Texas congressman, who will have three of her own children with her.

Mrs. Clare Engle, wife of the California congressman, is program chairman for the shindig, which will also review the progress of Democratic women in politics and list "Democratic Firsts," such as first woman Cabinet member, former Secretary of Labor Frances Perkins; first woman minister, the late Mrs. Ruth Bryan Owen Rhode, to Denmark; first woman ambassador, Mrs. Eugenie Anderson, to Finland; first woman treasurer, Georgia Neese Clark, and first woman mint director, Nellie Tayloe Ross.

Use that parchment paper in which butter comes wrapped for greasing pans.

NAVY LINEN-WEAVE silk is used for Mollie Parnis' famous "soul-mate" jacket costume designed for her spring into summer collection. The jacket buttons snugly right up to the wreath collar. The slim, short-sleeved dress exemplifies Miss Parnis' "telescope silhouette" with its high jewel neckline and front envelope detail at the belted waistline.

# U. S. Security Seen Problem For Business

Government Policy's Effect on Oil, Metal Industries Outlined

By SAM DAWSON  
NEW YORK (AP) — National security can be a business problem too.

How government policy can curb the law of supply and demand to set the pattern of production and price is shown neatly today in problems facing two industries — oil and metals.

Or, put the other way around, the conduct of business these days sometimes must be tailored to fit the profit system of private business into government's domestic and international aims.

The question in oil, put by President Eisenhower, is how much can be imported now without imperiling future national security.

The question in metals, posed by other government officials, is whether it's time to pull the price floor from under metals. The floor is fashioned from purchases for the defense stockpile. The aim is partly to have needed metals at hand for an emergency, partly to encourage search for and development of reserves.

Strictly from the business point of view are the other questions: What will these decisions do to prices, production, employment, domestic and world markets?

A businessman today must know his policies as well as his industry's own outlook. It keeps the hotels in Washington filled.

The oil inquiry is sparked by reports that importers plan to bring in around 154 million barrels a day, equal to some 17 per cent of domestic output. The government has felt that 10 per cent is a better figure.

Opponents of increased imports hold that they would discourage search for new reserves which might be essential to national security some day. Oil importers stress that using foreign oil would conserve our own resources — and also that can produce oil more cheaply overseas.

Last year the United States imported 934,000 barrels a day, compared to 236,000 barrels in 1945. Domestic production rose to 7,151,000 barrels a day in 1956, compared with 4,751,000 ten years earlier.

Venezuela furnishes us with the most, followed by the Middle East and Canada.

The case of metals is different in many respects. The government actually piled up stocks of these defense essentials in its warehouses. Then in mid-1954 when the prices of zinc and lead were weakening and output falling off, the government stepped up purchases with the avowed aim of bolstering these industries so that they would be strong if needed in some future emergency.

Original goals were reported to be 300,000 tons of zinc and 200 tons of lead. Government purchases have held an effective floor under the prices of these metals for months.

Now a Department of Interior official warns that the domestic zinc buying program "is due to end in a matter of months." Last year the government bought about 15 per cent of the metal on the overstocked market.

## State Liquor Official Gets 5-Day Jail Term

POMEROY (AP)—Richard L. Guidos of Youngstown, an inspector for the State Department of Liquor Control, Saturday was sentenced to five days in Meigs County Jail. Guidos had been convicted of driving while intoxicated.

Common Pleas Judge Cederic Clark imposed the sentence, but sustained a defense motion to suspend sentence until July 1.

Guidos also was fined \$100 and costs and his driver's license was suspended for six months.

It is estimated that there are some 600 thousand kinds of insects in the world.

## Round about Fayette County

By B. E. KELLEY

During the lull in the series of rains recently, when it was possible to get into the fields to do some work, many farmers took up the work of sowing oats, which was interrupted more than three weeks ago by the first heavy rains.

They admit it is unseasonably late for sowing oats, but feel that, with normal weather, the crop will mature properly.

Another phase of farming that was interrupted, was the spring sowing of grass seed, and this too, was resumed when the weather permitted last week.

It has been a great many years since farmers had so few work hours in the fields in April as during the month to date.

Plowing was resumed over most of the county during the latter part of last week, and not a great deal of ground now remains to be broken for the corn crop.

I note in many fields that subsoilers have been used. Bringing up the subsoil is growing in popularity in the community.

### FINDS OLD PENNY

Jack Pendegraft, while at work on the lawn of the former Persinger homestead on Dayton Ave., found an old copper one-cent coin bearing the date of 1820.

The coin was buried under three feet of earth, and as it was considerably corroded, indications are that it had been in the ground for upward of 100 years—possibly longer.

Apparently the site formerly was occupied by a log cabin, as coins around 1820 have been found on sites of the first log cabins in the county.

In fact I have three of the old copper cents, one bearing date of 1818, another 1819 and a third 1829, all found on log cabin sites.

### 40 YEARS AGO

Forty years ago this week one of the top news items was the fact that wheat was selling here at the highest price on record—\$2.85 a bushel—with indications it would go above \$3 in the sharp advance due to war with Germany.

Seed potatoes were scarce, and food prices were zooming, with alleged shortages in two or three staple foods.

A conscription bill was ready for passage by Congress, and Gov. Jaes Cox planned the draft in Ohio.

Plans were announced for bus service between this city and Jeffersonville.

Charles Speaks, 24, was killed by a train while enroute to Coshocton to enlist in the Army.

Jasper Township residents filed an injunction suit to halt the vote on a bond issue and centralization. Another group filed an injunction action to prevent the Jasper Board of Education naming teachers in the Milledgeville school district.

Washington Milling Co. announced new "war bread flour" would be produced here.

The huge derrick of Fayette Sand and Gravel Co., east of Sycamore St., collapsed, and one workman nearly crushed under the heavy timbers.

The B&O Railroad was installing a telephone system for trains dispatching.

The work of erecting the Dahl-Campbell Building was progressing on the third floor.

The entire staff of the YMCA was planning to enlist in various branches of service for the World War.

### FAME IS SPREADING

Apparently the fame of the Archibald M. Willard murals in the Fayette County Courthouse is spreading, for nearly every day brings visitors who stop here solely to admire them.

Most of these visitors are tourists, and one day recently a party from Oklahoma stopped here while on a vacation trip, having heard of the unusual paintings by the man who created the "Spirit of '76."

Many from the Cleveland area have been included among the visitors, as well as from distant cities, and invariably Miss Mildred Smith, court reporter, or some other Courthouse attaché shows the visitors about and furnishes them with brochures giving the history of the paintings.

### RED WINGS LEAD ALL

The red wing blackbirds, which have been increasing year after year for many years, now lead all other kinds of birds in the nation in point of numbers.

This statement was made recently by George Regensburg, of Trenton, N. J., who is one of the top photographers and lectures of the National Audubon Society, and an authority on birds.

The red wings even exceed the English sparrows and English starlings in numbers, he stated.

## 6 Persons Claim Cash Found in Barn

NEW CASTLE, Pa. (AP) — State trooper John Holman has \$150 cash that he wants to give away. The trouble is there are six persons willing to accept it.

The money was found in a barn by Albert Beckle, 9; George Smarelli, 9; and Ronald Newtzie, 9. Their parents made them divide the money and put it in a bank in case a claim was filed.

Claims were filed by James Show, who rents the barn, and Mrs. Harry Klingensmith, who owns the property.

The former owner, Mrs. Ella Kalajainen, also put in a claim. She said her nephew left the money in the barn before he died about six years ago.

## Only Large Size Thief To Benefit on This Job

CLEVELAND (AP)—The thief who slashed the canvas top of the convertible car of Patrolman Francis Viancourt and stole two pair of his newly-cleaned uniform trousers was in for a surprise.

One of the biggest men in the police department, Viancourt stands 6 foot 4 and weighs 290 pounds. The trousers measure 50 inches at the waist.

## IT COULD HAVE BEEN A TREMENDOUS EXPLOSION

POLICE RUSHED driver Frank Duggan, 25, of Boston, and passenger Daniel Kelly, 29, of Somerville, to City hospital after their auto smashed through a barricade in Dorchester, Mass., and into an excavation in front of the Edison plant. The car barely missed an exposed gas main that could have caused a tremendous explosion.

## Child-Hating Briton Fined For His Letters to Mothers

SEVENOAKS, England (AP) — A wealthy retired businessman who hates children was fined 40 pounds (\$112) Friday for sending anonymous letters to bereaved mothers telling them the deaths of their "brats" was a blessing to the country.

Frederick Henry Bessemer Clark, 76, grandson of British steel magnate, Sir Henry Bessemer, was charged with mailing "grossly offensive" letters.

A judge told Clark writing the letters was "the vilest and most contemptible crime anyone can commit," and declared the fine was "quite out of date and altogether unsuitable."

Detective Inspector Henry James Fanstone spent 3½ years tracing the letter writer. Penmanship of three generations ago finally led Fanstone to Clark, whose own son was killed in a railway accident and whose wife died several years ago.

To a woman whose 5-year-old son had drowned, Clark wrote: "It was a very sad experience for you—but there is on consolation and that is the advantage to our country. Great Britain has

## 24 Tenants Flee Fire in Columbus Building

COLUMBUS (AP) — Fire forced evacuation of 24 tenants at a housing project on the city's east side early Sunday.

Four firemen required treatment for burns they received when two gas meters melted as they attempted to shut off a main line. Nine occupants of the 11-apartment brick building that caught fire were overcome by smoke.

Fire Chief Albert Smith estimated damages at \$4,000.

## Missouri Methodist Awed By Introduction to Pope

By CROTHY ROE

Associated Press Women's Editor  
ROME (AP) — Although I felt as awed and reverent as a convent student as I stood in the small "tronetta," or little throne room, of the Vatican and saw the slight, white-clad figure of Pope Pius XII enter through the wide double doors from his library, smiling and cordial as any host welcoming his guests.

It was a rainy morning in Rome when our small caravan of cars entered the great circular courtyard of St. Peter's Cathedral and was admitted through the guarded gate to Vatican City.

The papal guards in their resplendent uniforms of orange and blue stripes stood at attention at intervals along the way. At the doors of the Vatican, our escort showed our credentials to the guardian of the entrance, impressive in his navy and scarlet uniform, glittering with gold braid.

The 20 news correspondents were led through many richly appointed apartments deeply carpeted in red. We paused at last in the Clementine Room, where the gold leaf on the ceiling was brought back by Columbus from America, and where Raphael's famous murals and ceiling brought murmurs of awe.

By instruction, the women of the group wore black veils or mantillas over our heads, black suits with long sleeves and high necklines, black shoes and gloves.

We entered the tronetta and awaited the arrival of His Holiness. As soon as he entered, we were all instantly at ease. Here was no aloof and frightening dignity, but rather a warm and friendly human being; his frail figure erect, his eyes kindly, his face etched with 82 years of smiles. His cheeks had the glow

of health, his step was quick and firm, his long white robe seemed to shine with a special radiance.

As the audience ended and we filed out, each of us carried carefully a gift from the hand of the Pope, a papal medal, particularly blessed.

Represented in the group were Protestants, Catholics, Jews and agnostics. Yet each had felt the impact of reverence, and each carried the blessing of the Pope.

## Boy Tries Hanging; He Nearly Succeeds

LOS ALTOS, Calif. (AP) — "I'm going to hang myself," announced Peter Everts, to a playmate.

He climbed on a box Sunday, tied a rope around his neck, tied the other end to the ridgepole of the playhouse they were in, and stepped out the window.

He nearly strangled before neighbors reached him. He is in a hospital where doctors said he is in fair condition.

If man stopped tending corn, scientists believe it would vanish from the earth.

## JP Elimination Sponsor Seeking Assembly Speed

COLUMBUS, Ohio (P)—A race in low gear is shaping up between the Legislature and Ohio's Supreme Court. Neither is known as a speed demon.

But lawmakers seeking to eliminate justices of the peace are in a hurry. They haven't much time if adjournment comes next month as expected.

Rep. Kenneth A. Robinson (R-Marion) has turned on the heat for passage of his bill to create county courts that would take over the work of justices outside municipal court areas. The complex proposal still is under study in the House Judiciary Committee, which Robinson heads.

The urgency stems from a case pending in the Supreme Court. Judges expect to rule before their summer recess on an appeal from Belmont County court decisions holding that the Legislature, instead of county commissioners, must set J. P. salaries.

Robinson said a decision affirming lower courts would add impetus for legislative action on his proposal.

Two years ago, the Legislature took justices off the fee system that Robinson said persisted although declared unconstitutional in 1927. Enactment of the J. P. salary bill during the closing legislative rush enabled some to receive both salaries and fees from their courts for a short time.

Less than half of the 1,100 justices deprived of fees in 1955 remain in office.

Doubt over legality of the way to pay them placed an emergency tag on Robinson's new bill. The emergency clause would make it effective upon enactment but judges of the new county courts would not be elected until next November.

An estimated 91 county courts would be created for an estimated six million Ohioans outside the jurisdiction of municipal courts. A handful of municipal courts have countywide jurisdiction.

One county judge would be elected for each 30,000 population to a maximum of six judges in a county. They would receive \$1,500 to \$4,000 a year according to population.

Ohio Justices Inc., composed of magistrates and peace officers, urges a \$2,000-\$5,000 salary range.

As a substitute for J. P. courts often held in "barber shops, garages and the back of stores," Robinson said county commissioners should furnish quarters for the courts "to give them some standing."

Lucas County commissioners disagree. They said in a letter that J.P.'s equip and maintain their own office and asserted it would "put a terrific strain on our already strained budget to provide court offices and clerical help."

The letter said that since J.P.'s went on a salary basis, they have one "marvelous" job in Lucas County. "It is our feeling that any changes in the law would be a dead."

Sen. Ed Witmer (D - Stark), sponsor of 23 pieces of legislation this session, received an unsigned card declaring:

"I am opposed to the bill."

Rep. Harry Corkwell (R - Putnam) did a quick retake on his bill to require special identification cards for beer drinking minors.

A House Liquor Committee hearing brought out the fact that wording of the measure would permit card carriers to buy liquor also. Corkwell said the bill would be changed.

The measure, endorsed in principle by the Rev. Lewis Berger, superintendent of the Ohio Temperance League, would require 18- to 21-year-olds to have cards signed by their parents and a probate judge in order to buy beer. Berger suggested photographs for the cards to prevent "switching."

Corkwell said tavern owners asked enactment of the measure because minors often claim they are 18 and old enough to buy beer or are 21 and eligible to purchase liquor.

John Marshall, former Cleveland mayor who secretary of the Ohio Brewers Assn., said Ohio laws confused some people about beer. He gave this explanation:

Statute defines beer with 3.2 per cent or less alcohol by weight as non-intoxicating. Beverages of more than 3.2 per cent alcohol are intoxicating liquors. Thus beer of between 3.2 and 7 per cent alcohol by weight is a malt beverage or malt liquor under Ohio law. Spirituous liquor is over 21 per cent alcohol by volume. For reckoning, weight is about one fourth less than volume.

The Parthenon in Athens was dedicated in 438 B. C. to the goddess Athena.

## TRAPPED UP THERE

SMOKESTACK WORKER Wallace Kanally perches (left) atop 200-foot Republic Steel smokestack in Cleveland, trapped there nearly six hours after losing a rope attached to the bosun's chair in which he rode to the top. Lower right: Kanally, 50, looks a bit tense after rescue. Upper right: The gimmick that got him down, a balloon. The helium balloon was released inside the chimney. It carried a cord up to Kanally. With the cord, Kanally pulled up a heavier cord. Then he threw the heavier cord to workmen on an adjacent roof, and they attached a rope which Kanally tied to the adjacent roof, and they attached a rescue rope. (International)

## Ex-Senator Plans Toupee Business

POCATELLO, Idaho (P)—Former Sen. Glen H. Taylor (D-Idaho) who says he has been making his own toupees for years, is going into the business, principally to finance his campaign for governor.

He started making his own toupees because he "didn't like the rugs they put out."

Taylor was in show business before he became a senator, and began getting bald when 23. He said he found baldness a liability on the stage, especially when some referred to his wife as "his daughter."

He started making his own toupees because he "didn't like the rugs they put out."

# Milwaukee Mark Married by Only 1 Loss So Far

By THE ASSOCIATED PRESS

The season is just two weeks old, but Milwaukee's determined Braves have won 9 of 10 and the rest of the National League teams, particularly Brooklyn and Cincinnati, may find out it's later than they think.

Milwaukee's record, padded with a 3-2 victory at Cincinnati Sunday that completed a three-game sweep from the Redlegs, has provided a two-game lead. Not particularly impressive? Perhaps, but Brooklyn had only a three-game lead after sweeping its first 10 games in 1955—the year the Dodgers won the pennant by 13½ games.

The Braves won without a home run for the first time in four games Sunday. They did it by bunting a portion of their nine hits and killing the Redlegs with four double plays.

Doubles by Billy Bruton and Del Crandall, a bun' single and a sacrifice fly wrapped up Milwaukee's fourth in a row in a two-run fourth. Red Murfey nailed the victory in relief of Taylor Phillips. Tom Acker was the loser.

The second-place Dodgers fell another game behind, shut out by Pittsburgh's Bob Friend 3-0. St. Louis swept two from Chicago 6-2 and 4-0, with Lindy McDaniel, Tom Cheney and Herm Wehmeier allowing the Cubs just five hits in the double-header. Philadelphia rapped the Giants 11-2, but trailed 8-7 when a curfew suspended play in the second game after 6½ innings.

Chicago's White Sox hold a one-game edge in the American after defeating Kansas City 5-3. New York Yankees stopped the Sox's winning streak at five games 3-2 on Yogi Berra's 6th inning home run.

Detroit and Cleveland split their twin bill, with the Indians winning 3-2 in 10 after the Tigers had won 2-0. Washington defeated Baltimore 7-6 in 10 innings, but lost the second game 4-2.

Friend handed the Dodgers

## Casper Climbs To Third in Golf Winnings

LOUISVILLE, Ky. (AP)—Bill Casper Jr.'s rising star has carried him all the way to third place on the money list of the professional golfing tour.

He edged out Peter Thomson of Australia Sunday in the Kentucky Derby Open, but nearly everybody agreed it was one of the easiest one-stroke victories seen on the circuit.

Casper, having constructed a five-stroke bulge on the first nine holes of the final round, needed only to three-putt the last green to shade Thomson, playing in the same threesome.

That is what he did as he finished with a four-day card of 68-68-71-70—277—seven strokes under Seneca Park's par of 71.

The \$1,500 payoff out of a \$30,000 jackpot lifted Casper all the way from 11th in winnings to third with \$10,518 for the year. Masters winner Doug Ford, who collected only \$800 for his Louisville effort, remains the leader with \$24,629. Arnold Palmer is second with \$13,467.

Thomson's second money in the Derby Open was \$3,000. Dow Finsterwald, Athens, Ohio, shot a 72-73-75-69—289 to end up in a seven-way tie for 20th place, and win \$413.75.

## League Standings

TODAY'S BASEBALL

W. L. Pct. G.B.
Chicago 7 2 .788 —
Boston 7 4 .636 1½
New York 5 6 .455 4½

Milwaukee 5, Cincinnati 4 (N)
St. Louis at Chicago rain

Tuesday Schedule

Chicago at Brooklyn (N)
Milwaukee at New York (N)
Cincinnati at Philadelphia (N)
St. Louis at Pittsburgh (N)

## ABC Closes, Setting New Score Marks

FORT WORTH, Tex. (AP)—The 54th American Bowling Congress left fantastic scoring in its wake.

Called the highest scoring single tournament in ABC history the 51 days and nights of torrid tenpinning came to a close Sunday.

A Louisville, Ky., bowler's 2,088 all-events total broke a 20-year record. Jim Spalding, a 39-year-old civil engineer, racked up the big 9-game aggregate April 12. He crushed Max Stein's 2,070 total compiled in 1937 which the experts had called "unbeatable."

The twenty-five 3,000 series rolled in the team event constituted an even more imposing scoring achievement. In last year's ABC at Rochester, N. Y., only one 3,000 score was rolled—3,092 that won the Chicago Falstaffs the team title. The previous record for 3,000 sets in one tournament was sixteen compiled in the 1938 show at Chicago.

There were two 3,100 series in this year's ABC, the 3,126 that won the Chicago Peter Hands the team championship and the 3,119 that earned the Detroit Strohs' second place.

Another impressive title winning score was the 3,369 that brought Ron Jones and Joe Meszaros of Sterling, Ohio, the doubles crown. It was the sixth highest 2-man total in ABC history.

Bob Allen of Yonkers, N. Y., won the singles with 2729. Red Cross of Junction City, Kans., won the booster division with 2,796.

## New Shakeup Slated for Tribe Lineup

CLEVELAND (AP)—Jim Busby will play center field and Al Smith will move to third base when the Cleveland Indians open a two game series with the Washington Senators here Tuesday night.

The latest lineup change announced by Kerby Farrell, Tribe manager, sends Bobby Avila from third to his familiar second base position.

Farrell has shifted the batting order and starting assignments in almost every game in an attempt to come up with a winning combination. With but five victories in 11 games this season, the Indians are showing signs of becoming a carbon copy of last year's club. The Tribe has had superb pitching, but can't get the base hits when they count.

In Sunday's double header with the Detroit Tigers, Early Wynn held the Bengals to four hits in the first game but lost, 2-0, when the Indians booted two scoring opportunities.

In the nightcap, won by the Indians, 3-2, the Tribe did better at the plate, rapping out eight hits in ten innings, including homers by Avila and Rocky Colavito.

Mike Garcia turned in a fine pitching performance for the Tribe. He was replaced by Ray Narleski in the 10th after giving up both Tiger runs on seven hits, including a homer by Bolling.

Narleski, the winning pitcher, retired the only two batters to face him.

## Michigan Leading Big Ten Baseball

CHICAGO (AP)—Michigan took the Big Ten baseball lead by winning all three of their games while rain hampered much of the opening weekend contests.

The Wolves knocked off Ohio State Friday then swept past Indiana, 7-1 and 7-6, Saturday to compile a 3-0 record. Minnesota's defending champions, rained out in their opener, defeated Wisconsin twice Saturday, 4-1 and 6-2.

Ohio State also took two Saturday by downing Michigan State 6-2 and 2-1. Rain washed out doubleheaders between Iowa and Northwestern, Illinois and Purdue.

Iowa won its opener Friday but Northwestern, Illinois and Purdue have yet to play.

Washington C. H., Ohio

## Baseball Teams Here Get Ready for Openers

The two baseball teams that will represent Washington C. H. in league play this season had practice games Sunday—and each came out on the short end of the score.

The Washington C. H. Athletics, who will make their debut in the Heart of Ohio League in Columbus Sunday, lost a warm-up tilt at the Oakland Ave. park here to Grove City, 7 to 2.

Although Grove City is in the HOO loop, this game had no bearing on the standings.

Bob Hildreth, manager of the Athletics, said after the game that he was pleased with the hitting, but added that the fielding was "a little ragged." The Athletics made 5 errors.

Neither Hildreth nor the players were downhearted after the game, although they were disappointed. Hildreth pointed out that the Grove City team was the best in the league last year.

THE ATHLETICS got 2 runs on 4 hits while the Grove City boys, taking advantage of the loose play in the field by the Athletics, scored 7 runs on 8 hits.

Bucky Dumford, Kenny Robinett and Dale Coppock handled the pitching chores for the Athletics. Hildreth was behind the bat all the way.

Other starters in the game were Herb Russell, 2b; Charles Dawes, 1f; Don Anderson, cf; Lindy Sharrett, 3b; Joe Rush, rf; Robinett and Dumford pitched and played first base and Coppock was at shortstop until the last inning.

Most of the 18 of the Athletic squad got in the game.

The Athletics play their first league game next Sunday with a team backed by the Picard Paint Co. of Columbus on the Ft. Hayes field.

WHILE THE ATHLETICS are opening their season in Columbus, the R & S outfit will be starting

## Redleg Bat Power Fails To Produce

CINCINNATI (AP)—The Cincinnati Redlegs, with their highly touted power attack sputtering badly, were to leave first baseman Ted Kluszewski here for hospital treatment as they headed today for their first eastern trip.

General Manager Gabe Paul announced that Kluszewski, generally regarded as the No. 1 man in the Redleg offense, would enter Christ Hospital today for a physical checkup and treatment of his mysterious hip ailment. Paul said Kluszewski would not join the Redlegs until doctors say he can play again.

Generally rated as pennant contenders of their power hitting, the Reds have failed miserably to hit in the pinches and have dropped 7 of their first 11 games. To make it worse, six of those defeats have come at the hands of Milwaukee, the pennant favorite in the pre-season poll.

The Braves won Sunday, 3-2, even though their pitchers gave up ten walks and six hits. Cincinnati left 30 base runners stranded in three games with the Braves here.

Sunday's game was one of utter frustration for the Redlegs. They had at least one man on base in every inning except the seventh; they hit into four double plays.

The last of those came in the ninth when they had the tying and winning runs on base.

Professional golfers, and amateurs with a handicap not exceeding five strokes are eligible to qualify for the United States Golf Assn's women's open championship. The entry fee is \$10.

## Golf's 19th Hole

The golf season is getting into high gear at the Country Club here, despite the rains earlier this month.

The course came through the winter in fine shape, Tony Capuana, the pro, said. Besides, Ott Reno, the groundskeeper, has been working on it since early March.

Capuana has been spreading the word among the golfers to turn in their scores, so handicaps can be established for the annual tourney, which is scheduled to start around June 1.

Golfers swarmed over the course Friday and Saturday, but Sunday they had difficulty losing sight of their balls in the fog.

Anxious to get started right and to get out some of the winter kinks a number of golfers are taking lessons from the pro, among them Bill McArthur and Mr. and Mrs. Robert Kennett.

The pro, incidentally, has stocked up on a lot of new golfing equipment.

Baldwin Rice and Lowell Wilkin have turned up with special new grips on their clubs. Wilkin is having another go at the sport after a layoff of a few years.

Mrs. Byers Shaw is chairman of the women's golf committee, which has everything arranged for the regular Wednesday play to start Wednesday.

THIS AND THAT from the pro's notebook:

Dr. and Mrs. Charles Griffiths are back after a year at Youngstown.

Bud Dawson has the best 18-hole score of the season to date—41 and 36 for a 77 total. His 36 is also the best 9-hole score made yet.

(First time around, the pro turned in a 37).

Ed Cunningham was the first man to show up in Bermuda shorts; Jack Hagerty is back after last season's layoff.

Dale Dawson is back after three years in the Army; Mrs. Frank Dawson has been out playing with her two sons, Bud and Dale.

Cecil R. VanZant wore himself out hunting a No. 5 iron he thought he had lost... until he found it in his go' bag under a cover for the head of a wood club;

Mrs. Wayne Shobe shot a par on No. 8 her first time out this season.

Mrs. Mary Gillespie and Miss Kathleen Davis say this is the earliest they ever started to play golf.

Bill Himmelsbach started the season in good form, turning in a 39 his second time around the course.

Bill Barrett shot a 42 his first time out; John Elleccor also got off to a good start by turning in an 80 for 18 holes;

A. E. (Hap) Weatherly is building his new home just out of bounds on the No. 9 fairway... he should be able to get a supply of balls right out of his front yard.

The pro offered these five fundamentals for good golf: (1) grip and stance; (2) stance and waggle and forward press; (3) one piece left side turn; (4) delay hand action and (5) pivot and balance.

## Greg Bell Eyes Broadjump Mark

PHILADELPHIA (AP)—Greg Bell, a University of Indiana junior studying dentistry, could be the man to break Jesse Owens' broad jump record of 26 feet 8¼ inches.

In the Penn Relays over the weekend, Bell got off a 26-1½ leap. It was just six inches better than his mark of a year ago, an indication of his phenomenal progress.

Bell pulled an iron man stunt at the relays, winning the 100 in 9.7 and running anchor on two Indiana relay teams, neither of which won. But his efforts won him the most valuable individual award.

## All-Star Tickets Selling Rapidly

ST. LOUIS (AP)—A deluge of ticket orders quickly snapped up all reserved seats for the All-Star Baseball game here July 9.

The St. Louis Cardinals said over the weekend that only 5,000 bleacher and pavilion seats remain for the classic. Plans for the sale of these seats will be announced later, Nat Hall, Cardinal ticket supervisor said.

# Milwaukee Mark Marred by Only 1 Loss So Far

By THE ASSOCIATED PRESS

The season is just two weeks old, but Milwaukee's determined Braves have won 9 of 10 and the rest of the National League teams, particularly Brooklyn and Cincinnati, may find out it's later than they think.

Milwaukee's record, padded with a 3-2 victory at Cincinnati Sunday that completed a three-game sweep from the Redlegs, has provided a two-game lead. Not particularly impressive? Perhaps, but Brooklyn had only a three-game lead after sweeping its first 10 games in 1955—the year the Dodgers won the pennant by 13½ games.

The Braves won without a home run for the first time in four games Sunday. They did it by bunching a portion of their nine hits and killing the Redlegs with four double plays.

Doubles by Billy Bruton and Del Crandall, a bun' single and a sacrifice fly wrapped up Milwaukee's fourth in a row in a two-run fourth. Red Murrif nailed the victory in relief of Taylor Phillips. Tom Aker was the loser.

The second-place Dodgers fell another game behind, shut out by Pittsburgh's Bob Friend 3-0. St. Louis swept two from Chicago 6-2 and 4-0, with Lindy McDaniel, Tom Cheney and Herm Wehmeier allowing the Cubs just five hits in the double-header. Philadelphia rapped the Giants 11-2, but trailed 8-7 when a curfew suspended play in the second game after 6½ innings.

Chicago's White Sox hold a one-game edge in the American after defeating Kansas City 5-3. New York Yankees stopped the Sox' winning streak at five games 3-2 on Yogi Berra's 9th inning home run.

Detroit and Cleveland split their twin bill, with the Indians winning 3-2 in 10 after the Tigers had won 2-0. Washington, defeated Baltimore 7-6 in 10 innings, but lost the second game 3-2.

Friend handed the Dodgers

# Casper Climbs To Third in Golf Winnings

LOUISVILLE, Ky. (AP) — Bill Casper Jr.'s rising star has carried him all the way to third place on the money list of the professional golfing tour.

He edged out Peter Thomson of Australia Sunday in the Kentucky Derby Open, but nearly everybody agreed it was one of the easiest one-stroke victories seen on the circuit.

Casper, having constructed a five-stroke bulge on the first nine holes of the final round, needed only to three-putt the last green to shade Thomson, playing in the same threesome.

That is what he did as he finished with a four-day card of 68-68-71-70—277 — seven strokes under Seneca Park's par of 71.

The \$4,300 payoff out of a \$30,000 jackpot lifted Casper all the way from 11th in winnings to third with \$10,518 for the year. Masters winner Doug Ford, who collected only \$800 for his Louisville effort, remains the leader with \$24,629. Arnold Palmer is second with \$13,467.

Thomson's second money in the Derby Open was \$3,000.

Dow Finsterwald, Athens, Ohio, shot a 72-73-75-69—289 to end up in a seven-way tie for 20th place, and win \$413.75.

# ABC Closes, Setting New Score Marks

FORT WORTH, Tex. (AP) — The 54th American Bowling Congress left fantastic scoring in its wake.

Called the highest scoring single tournament in ABC history the 51 days and nights of torrid pinning came to a close Sunday.

A Louisville, Ky., bowler's 2,088 all-events total broke a 20-year record. Jim Spalding, a 39-year-old civil engineer, racked up the big 9-game aggregate April 12. He crushed Max Stein's 2,070 total compiled in 1937 which the experts had called "unbeatable."

The twenty-five 3,000 series rolled in the team event constituted an even more imposing scoring achievement. In last year's ABC at Rochester, N. Y., only one 3,000 score was rolled — the 3,092 that won the Chicago Falstaffs the team title. The previous record for 3,000 sets in one tournament was sixteen compiled in the 1938 show at Chicago.

There were two 3,100 series in this year's ABC, the 3,126 that won the Chicago Peter Hands the team championship and the 3,119 that earned the Detroit Stroh's second place.

Another impressive title winning score was the 1,359 that brought Ron Jones and Joe Meszaros of Sterling, Ohio, the doubles crown. It was the sixth highest 2-man total in ABC history.

Bob Allen of Yonkers, N. Y., won the singles with 2729. Rea Cress of union City, Kans., won the booster division with 2,796.

# New Shakeup Slated for Tribe Lineup

CLEVELAND (AP) — Jim Busby will play center field and Al Smith will move to third base when the Cleveland Indians open a two game series with the Washington Senators here Tuesday night.

The latest lineup change announced by Kerby Farrell, Tribe manager, sends Bobby Avila from third to his familiar second base position.

Farrell has shifted the batting order and starting assignments in almost every game in an attempt to come up with a winning combination. With but five victories in 11 games this season, the Indians are showing signs of becoming a carbon copy of last year's club. The Tribe has had superb pitching, but can't get the base hits when they count.

In Sunday's double header with the Detroit Tigers, Early Wynn held the Bengals to four hits in the first game but lost, 2-0, when the Indians booted two scoring opportunities.

In the nightcap, won by the Indians, 3-2, the Tribe did better at the plate, rapping off eight hits in ten innings, including homers by Avila and Rocky Colavito.

Mike Garcia turned in a fine pitching performance for the Tribe. He was replaced by Ray Narleski in the 10th after giving up both Tiger runs on seven hits, including a homer by Bolling.

# Golf's 19th Hole

The golf season is getting into high gear at the Country Club here, despite the rains earlier this month.

The course came through the winter in fine shape, Tony Capuana, the pro, said. Besides, Ott Reno, the groundskeeper, has been working on it since early March.

Capuana has been spreading the word among the golfers to turn in their scores, so handicaps can be established for the annual tourney, which is scheduled to start around June 1.

Golfers swarmed over the course Friday and Saturday, but Sunday they had difficulty losing sight of their balls in the fog.

Anxious to get started right and to get out some of the winter kinks a number of golfers are taking lessons from the pro, among them Bill McArthur and Mr. and Mrs. Robert Kennett.

The pro, incidentally, has stocked up on a lot of new golfing equipment.

Baldwin Rice and Lowell Wilkin have turned up with special new grips on their clubs. Wilkin is having another go at the sport after a layoff of a few years.

Mrs. Byers Shaw is chairman of the women's golf committee, which has everything arranged for the regular Wednesday play to start Wednesday.

THIS AND THAT from the pro's notebook:

Dr. and Mrs. Charles Griffiths are back after a year at Youngstown;

Bud Dawson has the best 18-hole score of the season to date— 41 and 36 for a 77 total. His 36 is also the best 9-hole score made yet;

(First time around, the pro turned in a 37);

Ed Cunningham was the first man to show up in Bermuda shorts;

Jack Hagerty is back after last season's layoff;

Dale Dawson is back after three years in the Army;

Mrs. Frank Dawson has been out playing with her two sons, Bud and Dale;

Cecil R. VanZant wore himself out hunting a No. 5 iron he thought he had lost... until he found it in his golf bag under a cover for the head of a wood club;

Mrs. Wayne Shobe shot a par on No. 8 her first time out this season.

Mrs. Mary Gillespie and Miss Kathleen Davis say this is the earliest they ever started to play golf;

Bill Himmelspach started the season in good form, turning in a 39 his second time around the course;

Bill Barrett shot a 42 his first time out;

John Ellessor also got off to a good start by turning in an 80 for 18 holes;

A. E. (Hap) Weatherly is building his new home just out of bounds on the No. 9 fairway... he should be able to get a supply of balls right out of his front yard.

The pro offered these five fundamentals for good golf: (1) grip and stance; (2) stance and waggle and forward press; (3) one piece left side turn; (4) delay hand action and (5) pivot and balance.

# Greg Bell Eyes Broadjump Mark

PHILADELPHIA (AP)—Greg Bell, a University of Indiana junior studying dentistry, could be the man to break Jesse Owens' broad jump record of 26 feet 8¼ inches.

In the Penn Relays over the weekend, Bell got off a 26-1½ leap. It was just six inches better than his mark of a year ago, an indication of his phenomenal progress.

Bell pulled an iron man stunt at the relays, winning the 100 in 9.7 and running anchor on two Indiana relay teams, neither of which won. But his efforts won him the most valuable individual award.

**SUGAR CREEK STONE QUARRY**

**Open Letter**

PHENIX CITY, Ala. (P)—Hay-  
wood Waters, a print shop employe,  
celebrated his 15th wedding an-  
niversary by buying a full page,  
\$120 ad in a weekly newspaper.

A heart was centered on the page  
and underneath it this message:

"Today marks a very important  
time for me. For it was on this  
day 15 years ago that my wonder-  
ful wife Margaret was married to  
me. . . These 15 years have been  
the happiest, fullest, most joyful  
that any man could hope for. My  
love for my Margaret has multi-  
plied a thousand times and . .

Open Letter

PHENIX CITY, Ala. (P-H)—Hay-  
wood Waters, a print shop employe,  
celebrated his 15th wedding anni-  
versary by buying a full page,  
\$120 ad in a weekly newspaper.  
A heart was centered on the page  
and underneath it this message:  
"Today marks a very important  
time for me. For it was on this  
day 15 years ago that my wonder-  
ful wife Margaret was married to  
me . . . These 15 years have been  
the happiest, fullest, most joyful  
that any man could hope for. My  
love for you Margaret has multi-  
plied a thousand times and . . . the  
years ahead promise even greater  
love. Happy Anniversary, Mar-  
garet."  
Said Mrs. Waters "He sure is  
sweet."

BLIND BOY 'SEES' REAL TRAIN

BLIND Raymond Kajowski, 6, "looks" at a train at the Long  
Island railroad's Jamaica station by feeling a toy engine in his  
hand and listening to a real one puffing on the tracks. Raymond  
wrote a letter in Braille asking if he could "see" a real Diesel, so  
he got to be an engineer on run from Jamaica to Greenlawn, his  
Long Island home.  
(International Soundphoto)

**4-H Club Activities**  
**BUSY BEES**  
The members of the newly or-  
ganized Busy Bees club were told  
to bring the makings for a towel  
to the next meeting. The leader,  
Mrs. Dorothy Warner, taught the  
girls how to thread needles and  
tie knots.  
The meeting was held in the  
basement of the Christian Church.  
The president, Kay Evans, lead  
a discussion about refreshments.  
A motion by Jackie Rundblad that  
simple refreshments be served at  
the meetings was approved. The  
members names were arranged al-  
phabetically and ea-h girl will  
take her turn to provide the re-  
freshments. The hostess may in-  
vite visitors.  
The next meeting will be at the

ALAS, ROBIN,  
I HAVE  
A BIT OF  
DISCOURAGING  
NEWS...

THE FACTORY WHICH WAS  
TO MAKE OUR AUTOMATIC FISHING  
REELS SAID IT WOULDN'T PAY  
TO SET UP MACHINERY JUST TO  
FILL THE ORD-LIT ORDERS WED  
BRING IN FROM TIME TO TIME—  
SAID THEY COULDN'T AFFORD  
TO GO INTO PRODUCTION  
ON LESS THAN AN ORDER  
FOR 5000 REELS!

WELL, THAT  
PUTS WINGS  
ON THE \$100  
I GAVE TO  
MAKE THE  
WORKING  
MODEL!

ROBIN'S  
VACATION  
MONEY GOES  
ALOF!

m. Sale conducted by The Bailey-  
Murphy-Darbyshire Co.

Kiss from His Wife  
Carries Terrific Bang

MESA, Ariz. (AP)—Harold Seve-  
land won't forget one kiss his wife  
gave him for a long time.

When she kissed him today, an  
explosion occurred at the instant  
of contact—and the blast caused  
\$1,000 damage to their home.

Mrs. Cherie Seveland explained  
that she had used gasoline to  
clean her husband's work clothes  
and then popped them into the au-  
tomatic washer. Then she flipped  
on the electric switch and stepped  
into the next room to greet her  
husband.

That's when the blast came.

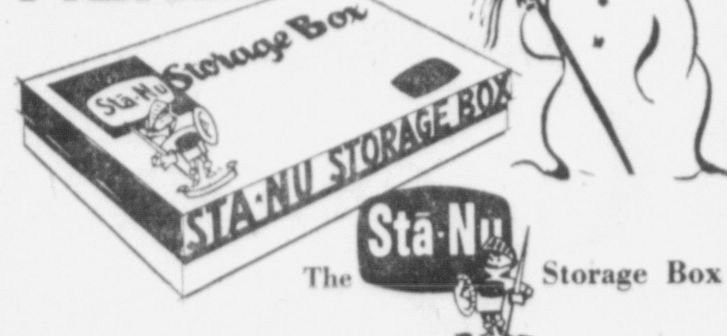

After Every  
Meal

Chew refreshing, delicious  
Wrigley's Spearmint Gum.  
Helps keep teeth clean—  
aids digestion.

Get some

BY RAY BRANDENBURG

Just at dusk the other evening, a group (or flock) of robins were having a concert in our back yard. Those birds were really whooping it up. I didn't catch the title to their song, but it sounded something like: "It's Nice to Live in the Spring," or "I'm Glad to Be Home Again."

Why can't we all be just as happy and go around singing happy songs instead of gripes and blues? Did you ever notice how a friendly handclasp and a hearty hello backed by a big smile causes a friend's face to light up with pleasure? Why not all of us give it a trial.

Lawn mowing is the order of the day. Lawns are very beautiful in the Spring but I have a heck of a time to get Elma to mow ours.

The old saying: "In the Spring a young man's fancy turns to love," could be modernized by saying: "In the Spring a young man's or young lady's fancy as well as men and ladies of all ages turns to thinking of buying a new car." When you notice the first symptoms, see me quick. We've got the cure. We absolutely promise a new Chevrolet or Buick or one of our O. K. late model used cars will cure you. So, come out. Let us demonstrate and show you what a fine deal you can make.

## Four from Here At DKG Meeting

### Special Recognition Given WCH Chapter

Back from the three-day weekend state convention of Delta Kappa Gamma in Cincinnati, Mrs. Ralph Child, delegate of the chapter here, and Miss Ruth Stecher, Miss Gladys Melson and Mrs. Elliott B. Elliott of Bloomington, who accompanied here, today are summarizing their notes for a report to the chapter, possibly at tonight's meeting.

Mrs. Child is president of the chapter here.

All four were elated over the selection of the Washington C. H. chapter's yearbook as the most outstanding among those of the 76 chapters in Ohio. Miss Stecher, chairman of the committee, and Miss Melson, her assistant, were called to the yearbook committee meeting to receive recognition for the achievement.

Friday was devoted to the business session and a series of workshops, or smaller group conferences, that were held for study of several different subjects.

MRS. CHILD said the need for more school teachers was emphasized all through the convention and it was pointed out that Delta Kappa Gamma, an international organization of teachers and educators, should do more to influence high school graduates to enter the teaching profession.

In this connection, college scholarships were discussed at some length.

(The Washington C. H. chapter offers a scholarship each year to a senior girl in any of the county's four high schools selected by a committee. One of the requirements is that she prepare herself for a teaching career.)

Miss Ruth Seitz of Dayton, nominated at the Friday session for president was installed for the customary two-year term at the banquet Saturday evening.

Mrs. Child said support of a bill in the Ohio Senate to permit boards of education to grant teachers leaves of absence with partial pay for the purpose of improving their teaching skills and travel, was given support.

The partial pay, it was explained, would come from the difference between the regular teacher's salary and the salary of the substitute. No additional tax money would be involved, it was pointed out.

Mrs. Margaret Boyd of Steubenville, international president of Delta Kappa Gamma, was the principal speaker at the Saturday evening banquet.

Next year's state convention is to be held in April in Toledo.

## 3 Ohio Professors Get Fellowships

COLUMBUS (AP)—Two faculty members of Ohio State University and one at Ohio University are among 344 scholars and artists receiving Guggenheim Fellowship Awards this year.

The Ohioans who received the awards are Dr. Carlos Blanco Aguina, assistant professor of Spanish at OSU, for a study of the Spanish at OSU, for a study of the literary style of Spanish author Miguel de Unamuno; Dr. Sigurd Burckhardt, assistant professor of German at OSU, for a comparative study of the dramatic poetry of Shakespeare and Goethe, and Dr. Paul Murray Kendall, professor of English literature at Ohio University, for studies of the life and times of Warwick.

## 'Right to Work' Law Is Proposed

WASHINGTON (AP)—Southerners moved in the Senate Judiciary Committee today to attach a "right to work" amendment to the administration's civil rights bill.

The amendment was offered by Sen. McClellan (D-Ark.) as the committee discussed the disputed civil rights legislation for the first time since it was approved by a subcommittee March 19.

The "right to work" proposal in effect would outlaw the union shop or other labor contracts requiring a worker to join a union in order to hold his job.

The crowd is the wildest of all birds. In the olden times the crowd was termed a bird of evil omen because of its black plumage.

## Courts

### THREE JUDGES HERE

For the first time in many years three common pleas judges were in the Fayette County Court House Monday.

Judge John P. Case was busy with routine work and Judge Charles Kirk, of Clinton County, was here in connection with the long-pending case of Earl Scott, et al., against Herbert Wilson.

Judge John Houston, of Brown County, was hearing a motion filed in the case of Ohio against Beverly Chickens Walls, charged with embezzlement of Washington High School activity funds.

## 4-H Club Activities

### BUZZ'N DUZZ'N

The third meeting of the Buzz'n Duzz'n 4-H Club was held at the Milledgeville School. Roll call was given by naming the favorite flower of each. The home economics agent, Mrs. Norma Cunningham, showed special kits on sewing and nutrition.

Demonstrations will be given by Mary Jo Minton and Rose Jenkins at the next meeting May 1 at the Milledgeville School.

Refreshments were served.

Linda Young

### SCIZZORS SISTERS

Important facts about 4-H club work were read by Mrs. Walter Hyer, the advisor when the Scissors Whizzers Club met at the home of Ann Waters.

Ann Waters presided at the meeting and Paula Slagle gave the report of the secretary-treasurer. Seven members answered roll by saying whether they planned to attend the senior 4-H party.

Reva Fackler is to give a demonstration at the next meeting.

Refreshments were served by Ann Waters.

Assignments were given for the next meeting, May 1 at the home of Reva Fackler.

Refreshments were served by Reva Fackler.

### JEFF MIX AND MAKERS

Eighteen girls answered the Jeff Mix and Makers roll call with the name of their favorite flower.

After the reports were given and the safety leader had discussed water safety, Judy Long and Janet Hare gave a fashion revue on spring and summer clothes. The models were Judy, Carrie Sue Brock, Rise Schlichter, Linda Sparrow and Sharon Bentley. Janet was the narrator.

Mrs. Norma Cunningham, home demonstration agent, attended the meeting.

Sharon Bentley

## Elks District Meet Held in Cincinnati

Arvey Diettert, Cincinnati, was installed as chairman of the Ohio Southwest District of the Elks Lodge at a weekend conference in Cincinnati. The Washington C. H. lodge, a part of the Southwest district, was represented by its exalted ruler, William Stoughton, and Mrs. Stoughton.

Diettert replaces Jack Stabner, Springfield, as district chairman. Dick Faris, Hillsboro, was named district esquire, and Irvin McCoy, Xenia, was chosen district innkeeper.

Fourteen of the 15 lodges in the district were represented at the meeting at which it was announced that Southwest lodges had contributed a total of \$20,804 in cash to community welfare activities in the last 12 months.

## Mrs. Howland Attends Her 50th Songfest

Mrs. Maude Howland of Washington C. H. was given special recognition as a 50-timer at the 71st songfest held at the home of Mr. and Mrs. Roy Wipert on the CCC Highway, west.

Mrs. Judson Clyne of Troy, formerly of Bloomington, who introduced Mrs. Howland to the monthly singing meetings, was an honored guest at the session.

Mrs. Howland attended her first songfest in the fall of 1949. Mrs. Wipert said, just shortly after the affairs started. She has been to almost all of them since.

Popular songs of 30 to 40 years ago were the feature of the evening. Mrs. Wipert sang "Let's All Go up to Maude's," a semi-popular song of 1910.

Mrs. Gene Clay and Mrs. Don Palmer sang "Aba Daba Honey-moon," and Mrs. Clay sang "Who Paid the Rent for Mrs. Rip Van Winkle," with Mrs. Palmer accompanying.

AL GUYETTE, a special guest from Thompson, near Cleveland, accompanied for more singing of old popular songs.

Hymns of Charles Wesley were the feature of the evening's hymn sing. They included "Hark, the Herald Angels Sing," as a solo by Miss Karen Dewitt of Columbus. Others were "Jesus, Lover of My Soul," "Love Divine" and "Christ the Lord Is Risen Today."

Accompanying the hymns were Mrs. Howland at the piano and Mrs. Lawrence Black at the organ.

Refreshments included Mrs. Howland's 50-time cake.

Other special guests were the Rev. Harold Polleson of the Sabina Friends Meeting and Mrs. Forrester Pinkerton of Newark.

Another songfest has been tentatively set for May 24. Mrs. Wipert said. A gospel quartette will be the feature.

## Senate Probe Doors Locked For Hearing

WASHINGTON (AP)—Senate racks probes, in a sudden switch of plans, today ordered the doors closed on its session with an Arkansas manufacturer who wanted to explain his alleged payoffs to two union officials.

Earl P. Bettendorf of Texarkana, Tex., who operates a warehouse pallet manufacturing plant at Ashdown, Ark., demanded and got the special hearing to tell about what he insisted were "forced" payments. He contended "injustice" had been done him by some senatorial remarks about the alleged payoffs during the subcommittee's recent public hearings on labor violence in Scranton, Pa.

The committee originally had announced it would take his testimony at a public hearing. But about an hour before the meeting time it released a statement that "a problem has arisen" making it advisable to hear him behind closed doors "at least at the start." There was no further explanation.

The original hearings brought testimony that two Scranton Teamsters Union business agents, Joseph McHugh and Robert Malloy, are under federal indictment on charges of receiving \$4,200 from Bettendorf.

Bettendorf told reporters "we were forced to pay" in order to get delivery trucks into the Tobyhanna, Pa. Signal Corps depot where a construction project was under way. He said the "FBI understands" the case.

William Dawes was the name of the other man who rode with Paul Revere on his famous ride.

## Road-E-O Written Test Will Be Repeated Tuesday

Those teenagers who did not get to take the written examination for the Teen-Age Road-E-O Saturday afternoon at Washington C. H. High School still have a chance to get into the competition to spotlight proficiency in driving.

John R. Craig, a spokesman for a Junior Chamber of Commerce committee, sponsor of the event, said Monday morning that arrangements have been made to hold a second written exam at the high school here at 4 p. m. Tuesday for those who missed the first one.

Craig said the committee was surprised by the turnout for the Saturday exam and expressed hope that more boys and girls would avail themselves of the opportunity to enter the event Tuesday afternoon.

The written examination is only the first phase of the competition.

NEXT SUNDAY, the youthful auto drivers will get into action behind the wheel on N. Main St., between Paint and Temple Sts., to show how they can handle a car.

The competition is held in two divisions, one for boys and one for girls. It is open to teenagers (16 to 20 years old) all over Fayette County.

PARTICIPANTS in the county contest will receive certificates, medals and cash awards. The winners in each division will enter the state competition, where they have a chance for additional awards.

And, state winners will have the right to enter the national competition in Washington, D. C., where more awards, including scholarships, await the winners.

However, Craig said that right now interest here is centering on the automobile Road-E-O next Sunday. However, he emphasized that in order to get into that they would first have to take the written examination.

Sweet Potato Crop Slated To Be Small

WASHINGTON (AP)—Agriculture Department experts say sweet potato production has been on a prolonged downturn. Last year it was only one-fifth of out in 1932, in the depths of the last depression. The outlook for this year is for the smallest crop in nearly 50 years of record keeping.

Officials explained that the greatest loss in demand has been in the South, where, they said, the sweet potato has been a major food in hard times. But with development of industries and general economic improvement in that area, consumers there have been shifting to other foods, principally meat, dairy products and fruits and vegetables.

James Smithson, founder of the Smithsonian institution, was English and never visited the United States.

Weekend Ohio Mishaps Prove Fatal to 23

COLUMBUS (AP)—Twenty-three persons died accidentally in Ohio during the weekend, 18 of them in automobile accidents.

An Associated Press survey which began Friday at 6 p. m. and ended Sunday at midnight indicated that three persons drowned, one was accidentally electrocuted, and another died from a fall.

## U. S. Woman Is Released By Israelis

PARIS (AP)—An American secretary was flying home today after eight months imprisonment in Israel on charges of spying for Syria. She still insisted the spy charges were not true.

"I may have been indiscreet," 29-year-old Mary Frances Hagan said during a stopover in Rome, "but I certainly never did any spying for the Syrians or for anyone else."

In Paris, Miss Hagan told reporters she had just had her first bath in eight months. French police kept her passport while the plane was on the ground here.

Miss Hagan, of Huntington, W. Va., was released Sunday after serving eight months of a one-year sentence. She pleaded innocent at her secret three-day trial in Jerusalem last October. The court convicted her of collecting secret information in Israel and making notes of it in violation of the country's Official Secrets Act.

She asked to be flown to Cyprus for a visit with Caleb Kayali, Syrian Foreign Office official she claimed was her husband, but Israeli officials made her release conditional on her direct flight home.

Kayali has denied they were married. Miss Hagan refused to answer questions of French reporters about her marital status. She wore a wedding ring.

Miss Hagan, a student of Middle Eastern affairs and a former employee of Syrian diplomatic delegations in the United Nations and Washington, said she went to the Middle East last summer "on a purely personal basis."

Typical bugle calls use only five notes.

## Millions of Ohioans Adjust To Living on Daylight Time

By THE ASSOCIATED PRESS Millions of Ohioans in the northeastern part of the state were going about their annual task of getting accustomed to Daylight Saving Time today.

They joined with millions more in other parts of the country in setting their clocks ahead one hour in the change to "fast time."

Official time for the change was 2 a. m. Sunday. The lost hour will be regained with the return to standard time late in September.

Columbus is awaiting the outcome of a vote May 7 to determine whether to join the more than 100 cities and towns in the northeastern sector in the change to the daylight saving schedule. Other cities in the central part of the state, including Circleville, Marion, Delaware and Newark, are to follow the lead of the state capital in the time change.

Those four cities already have passed city ordinances geared to take effect if Columbus voters OK "fast" time.

Such cities as London, Lancaster and Washington C. H. may join the parade by passing ordinances on an "emergency" basis.

If the Columbus vote is in favor of Daylight Saving Time, the change would become effective May 12.

The Ohio area which changed to "fast time" Sunday is northeast of a line beginning at Vermilion in Erie County, running south on

the west edges of Oberlin and Wellington, then southeast between Wooster and Massillon, and between Strasburg and New Philadelphia in Tuscarawas County, and east to Powhatan Point in southeastern Belmont County.

All airlines operating out of Cleveland Hopkins Airport and most railroads serving the Greater Cleveland area changed their schedules to Daylight Saving Time. Cross country buses still depart on Eastern Standard Time but some of the schedules have been changed to conform with the time change.

County Board Meets

The Fayette County Board of Education paid bills and transacted other routine business at its regular monthly meeting at the Court-house Saturday.

## Four from Here At DKG Meeting

Special Recognition  
Given WCH Chapter

Back from the three-day week-end state convention of Delta Kappa Gamma in Cincinnati, Mrs. Ralph Child, delegate of the chapter here, and Miss Ruth Stecher, Miss Gladys Melson and Mrs. Elliott B. Elliott of Bloomingburg, who accompanied here, today are summarizing their notes for a report to the chapter, possibly at tonight's meeting.

Mrs. Child is president of the chapter here.

All four were elated over the selection of the Washington C. H. chapter's yearbook as the most outstanding among those of the 76 chapters in Ohio. Miss Stecher, chairman of the committee, and Miss Melson, her assistant, were called to the yearbook committee meeting to receive recognition for the achievement.

Friday was devoted to the business session and a series of workshops, or smaller group conferences, that were held for study of several different subjects.

MRS. CHILD said the need for more school teachers was emphasized all through the convention and it was pointed out that Delta Kappa Gamma, an international organization of teachers and educators, should do more to influence high school graduates to enter the teaching profession.

In this connection, college scholarships were discussed at some length.

(The Washington C. H. chapter offers a scholarship each year to a senior girl in any of the county's four high schools selected by a committee. One of the requirements is that she prepare herself for a teaching career.)

Miss Ruth Seitz of Dayton, nominated at the Friday session for president was installed for the customary two-year term at the banquet Saturday evening.

Mrs. Child said support of a bill in the Ohio Senate to permit boards of education to grant teachers leaves of absence with partial pay for the purpose of improving their teaching skills and travel, was given support.

The partial pay, it was explained, would come from the difference between the regular teacher's salary and the salary of the substitute. No additional tax money would be involved, it was pointed out.

Mrs. Margaret Boyd of Steubenville, international president of Delta Kappa Gamma, was the principal speaker at the Saturday evening banquet.

Next year's state convention is to be held in April in Toledo.

## 3 Ohio Professors Get Fellowships

COLUMBUS (AP)—Two faculty members of Ohio State University and one at Ohio University are among 344 scholars and artists receiving Guggenheim Fellowship Awards this year.

The Ohioans who received the awards are Dr. Carlos Blanco Aguina, assistant professor of Spanish at OSU, for a study of the Spanish at OSU, for a study of the literary style of Spanish author Miguel de Unamuno; Dr. Sigurd Burckhardt, assistant professor of German at OSU, for a comparative study of the dramatic poetry of Shakespeare and Goethe; and Dr. Paul Murray Kendall, professor of English literature at Ohio University, for studies of the life and times of Warwick.

## 'Right to Work' Law Is Proposed

WASHINGTON (AP)—Southerners moved in the Senate Judiciary Committee today to attach a "right to work" amendment to the administration's civil rights bill.

The amendment was offered by Sen. McClellan (D-Ark.) as the committee discussed the disputed civil rights legislation for the first time since it was approved by a subcommittee March 19.

The "right to work" proposal in effect would outlaw the union shop or other labor contracts requiring a worker to join a union in order to hold his job.

The crowd is the wildest of all birds. In the olden times the crowd was termed a bird of evil omen because of its black plumage.

## Courts

### THREE JUDGES HERE

For the first time in many years three common pleas judges were in the Fayette County Court House Monday.

Judge John P. Case was busy with routine work and Judge Charles Kirk, of Clinton County, was here in connection with the long-pending case of Earl Scott, et al., against Herbert Wilson.

Judge John Houston, of Brown County, was hearing a motion filed in the case of Ohio against Beverly Clickner Walls, charged with embezzlement of Washington High School activity funds.

## 4-H Club Activities

### BUZZ'N DUZZ'N

The third meeting of the Buzz'n Duzz'n 4-H Club was held at the Milledgeville School. Roll call was given by naming the favorite flower of each. The home economics agent, Mrs. Norma Cunningham, showed special kits on sewing and nutrition.

Demonstrations will be given by Mary Jo Minton and Rose Jenkins at the next meeting May 1 at the Milledgeville School.

Refreshments were served.

Linda Young

### SCIZZORS SISTERS

Important facts about 4-H club work were read by Mrs. Walter Hyer, the advisor when the Scizzors Whizzors Club met at the home of Ann Waters.

Ann Waters presided at the meeting and Paula Slagle gave the report of the secretary-treasurer. Seven members answered roll by saying whether they planned to attend the senior 4-H party.

Reva Fackler is to give a demonstration at the next meeting.

Refreshments were served by Ann Waters.

Assignments were given for the next meeting, May 1 at the home of Reva Fackler.

Refreshments were served by Ann Waters.

### JEFF MIX AND MAKERS

Eighteen girls answered the Jeff Mix and Makers club roll call with the name of their favorite flower.

After the reports were given and the safety leader had discussed water safety, Judy Long and Janet Hare gave a fashion revue on spring and summer clothes. The models were Judy, Carrie Sue Brock, Rise Schlichter, Linda Sparrow and Sharon Bentley. Janet was the narrator.

Mrs. Norma Cunningham, home demonstration agent, attended the meeting.

Sharon Bentley

## Elks District Meet Held in Cincinnati

Arvey Diettert, Cincinnati, was installed as chairman of the Ohio Southwest District of the Elks Lodge at a weekend conference in Cincinnati. The Washington C. H. lodge, a part of the Southwest district, was represented by its exalted ruler, William Stoughton, and Mrs. Stoughton.

Diettert replaces Jack Stabner, Springfield, as district chairman. Dick Faris, Hillsboro, was named district esquire, and Irvin McCoy, Xenia, was chosen district inner guard.

Fourteen of the 15 lodges in the district were represented at the meeting at which it was announced that Southwest lodges had contributed a total of \$20,804 in cash to community welfare activities in the last 12 months.

## Mrs. Howland Attends Her 50th Songfest

Mrs. Maude Howland of Washington C. H. was given special recognition as a 50-timer at the 71st songfest held at the home of Mr. and Mrs. Roy Wipert on the CCC Highway, west.

Mrs. Judson Clyne of Troy, formerly of Bloomingburg, who introduced Mrs. Howland to the monthly singing meetings, was an honored guest at the session.

Mrs. Howland attended her first songfest in the fall of 1949. Mrs. Wipert said, just shortly after the affairs started. She has been to almost all of them since.

Popular songs of 30 to 40 years ago were the feature of the evening. Mrs. Wipert sang "Let's All Go up to Maude's," a semi-popular song of 1910.

Mrs. Gene Clay and Mrs. Don Palmer sang "Aba Daba Honey-moon," and Mrs. Clay sang "Who Paid the Rent for Mrs. Rip Van Winkle," with Mrs. Palmer accompanying.

AL GUYETTE, a special guest from Thompson, near Cleveland, accompanied for more singing of old popular songs.

Hymns of Charles Wesley were the feature of the evening's hymn sing. They included "Hark, the Herald Angels Sing," as a solo by Miss Karen Dewitt of Columbus. Others were "Jesus, Lover of My Soul," "Love Divine" and "Christ the Lord Is Risen Today."

Accompanying the hymns were Mrs. Howland at the piano and Mrs. Lawrence Black at the organ.

Refreshments included Mrs. Howland's 50-time cake.

Other special guests were the Rev. Harold Polleson of the Sabina Friends Meeting and Mrs. Forrest Pinkerton of Newark.

Another songfest has been tentatively set for May 24, Mrs. Wipert said. A gospel quartette will be the feature.

## Senate Probe Doors Locked For Hearing

WASHINGTON (AP)—Senate rackety probers, in a sudden switch of plans, today ordered the doors closed on its session with an Arkansas manufacturer who wanted to explain his alleged payoffs to two union officials.

Earl P. Bettendorf of Texarkana, Tex., who operates a warehouse pallet manufacturing plant at Ashdown, Ark., demanded and got the special hearing to tell about what he insisted were "forced" payments. He contended "injustice" had been done him by some senatorial remarks about the alleged payoffs during the subcommittee's recent public hearings on labor violence in Scranton, Pa.

The committee originally had announced it would take his testimony at a public hearing. But about an hour before the meeting time it released a statement that "a problem has arisen" making it advisable to hear him behind closed doors "at least at the start."

There was no further explanation. The original hearings brought testimony that two Scranton Teamsters Union business agents, Joseph McHugh and Robert Malloy, are under federal indictment on charges of receiving \$4,200 from Bettendorf.

Bettendorf told reporters "we were forced to pay" in order to get delivery trucks into the Tobyhanna, Pa. Signal Corps depot where a construction project was under way. He said the "FBI understands" the case.

William Dawes was the name of the other man who rode with Paul Revere on his famous ride.

## Road-E-O Written Test Will Be Repeated Tuesday

Those teenagers who did not get to take the written examination for the Teen-Age Road-E-O Saturday afternoon at Washington C. H. High School still have a chance to get into the competition to spotlight proficiency in driving.

John R. Craig, a spokesman for a Junior Chamber of Commerce committee, sponsor of the event, said Monday morning that arrangements have been made to hold a second written exam at

the high school here at 4 p. m. Tuesday for those who missed the first one.

Craig said the committee was surprised by the turnout for the Saturday exam and expressed hope that more boys and girls would avail themselves of the opportunity to enter the event Tuesday afternoon.

The written examination is only the first phase of the competition.

### NEXT SUNDAY, the youthful

auto drivers will get into action behind the wheel on N. Main St., between Paint and Temple Sts., to show how they can handle a car.

The competition is held in two divisions, one for boys and one for girls. It is open to teenagers (16 to 20 years old) all over Fayette County.

## Cherry Hill's Sixth Graders Offer Program

The sixth grade of Cherry Hill School held a "Parent's Night" program Friday night in the parish hall of St. Andrew's Episcopal Church.

Eleanor Jane Whiteside acted as announcer.

A large crowd of parents and guests attended, and refreshments and a recreation hour followed the ceremonies.

The following program was presented:

Song, "A Greeting," by the class; duet, Joda Campbell and Ann Farmer; piano solo, "Madeleine Hayes," pantomime, "This Old House," Patty Arnold, Shirley Stevens, Gerald Marshall, Gary Trace, Gary Mickle, Bruce Climer; solo, Dorothy Whited; pantomime, "Eloise," Jane Loudner, Gerald Marshall, Madeleine Hayes, Gary Marshall, Bob Goldsberry, Bruce Climer;

Dance, Sharon Schorr and Jane Loudner; solo, Brent McCord; duet, Mary Orthmeyer and Connie Sheridan; pantomime, "Bibbidi, Bobbidi, Boo," Shirley Stevens, Gary Trace, Randy Lisk, Steve Flee; solo, Bevan Rae Le Hew; piano solo, Connie Sheridan; pantomime, "Robin Hood," Gary Trace, Eddie Kern, Bobby Hook, George Manning; duet, Carolyn Limes and Mary Ellen Hayes; song skit, Joyce Sanderson, Mike Burris, Jane Croker, Mary Orthmeyer;

Piano solo, Mary Ellen Hayes; trumpet duet, Randy Lisk and Edwin Vetter; piano trio, Madeleine Hayes, Jane Loudner and Mary Ellen Hayes; pantomime, "Zoom, Zoom, Zoom," Sharon Schorr, Shirley Stevens, Jane Loudner, Gary Mickle, Gary McCoy, Madeleine Hayes, Bruce Climer; songs, Bevan Rae Le Hew, Carol Patrick, Joyce Sheridan, Judy Pennington, Shirley Stevens; piano solo, Bevan Rae Le Hew; solo, Dorothy Whited; class song, "Auld Lang Syne."

## Weekend Ohio Mishaps Prove Fatal to 23

COLUMBUS (AP)—Twenty-three persons died accidentally in Ohio during the weekend, 18 of them in automobile accidents.

An Associated Press survey which began Friday at 6 p. m. and ended Sunday at midnight indicated that three persons drowned, one was accidentally electrocuted, and another died from a fall.

## U. S. Woman Is Released By Israelis

PARIS (AP)—An American secretary was flying home today after eight months imprisonment in Israel on charges of spying for Syria. She still insisted the spy charges were not true.

"I may have been indiscreet," 29-year-old Mary Frances Hagan said during a stopover in Rome, "but I certainly never did any spying for the Syrians or for anyone else."

In Paris, Miss Hagan told reporters she had just had her first bath in eight months. French police kept her passport while the plane was on the ground here.

Miss Hagan, of Huntington, W. Va., was released Sunday after serving eight months of a one-year sentence. She pleaded innocent at her secret three-day trial in Jerusalem last October. The court convicted her of collecting secret information in Israel and making notes of it in violation of the country's Official Secrets Act.

She asked to be flown to Cyprus for a visit with Caleb Kayali, Syrian Foreign Office official she claimed was her husband, but Israeli officials made her release conditional on her direct flight home.

Kayali has denied they were married. Miss Hagan refused to answer questions of French reporters about her marital status. She wore a wedding ring.

Miss Hagan, a student of Middle Eastern affairs and a former employee of Syrian diplomatic delegations in the United Nations and Washington, said she went to the Middle East last summer "on a purely personal basis."

Typical bugle calls use only five notes.
